PRICE FIVE CENTS

## Final Bulletins

**1,500 Casualties**  
CHUNGKING (AP)—In a brief 23-minute raid this afternoon, 124 Japanese planes today destroyed two-thirds of old Chungking city, provisional capital of China, and caused casualties probably numbering 1,500.

## Kill 3,000,000 Dogs

LONDON (CP)—The Press Association reported today that it had learned that an order has been issued in Germany for the destruction of all dogs excepting those used for war purposes, because of the food shortage. It said about 3,000,000 dogs will be slaughtered.

## Italians Discharged

PORT MCOLL, Ont. (CP)—Twenty-five Italian workers were dismissed when other employees in the Canadian Pacific Railway freight sheds threatened to strike today. Guards now are on duty around the company's property.

## Burn German Books

WINNIPEG (CP)—German books in the Winnipeg Public Library will be burned or withdrawn from public view as the result of a resolution passed by the city library committee today. Mrs. C. D. Roblin, committee member who moved the resolution, explained the books to be burned were "undoubtedly propaganda, and, as such, were neither desirable nor necessary to the library."

## No Town Home Guards

OTTAWA (CP)—Municipalities have no authority to form "home guards" in the sense of a corps of the militia, C. E. Desmond, Conservative, Kent, Ont., was told in the House of Commons this afternoon in reply to a written question.

Hon. C. G. Power, acting Minister of National Defence, said a militia corps could be formed only by or under the authority of the Governor-in-Council.

## Cable Reported Cut

BUENOS AIRES (AP)—The trans-Atlantic cable linking South America and Rome was reported cut this evening. Informal sources said normal service to South America from Rome by way of Spain had been disrupted.

The Italian cable company said it was unable to disclose any details of the operations, but that service was being maintained.

Cables to Italy were said to be going by way of commercial radio systems.

## Hon. Norman Rogers Buried at Ottawa

OTTAWA (CP)—Simple but impressive funeral services were held here today for Hon. Norman M. Rogers, Minister of National Defence, killed in an airplane crash near Newcastle, Ont., on Monday.

Rev. Stuart Ivison, pastor of the First Baptist Church, where Mr. Rogers worshipped, conducted a private service for members of the minister's immediate family at his home and the body was then taken to the Parliament Buildings, where another service was held.

Both Houses of Parliament adjourned to permit members and senators to attend the latter service, held in the spacious Hall of Fame.

## Death Penalty Urged

OTTAWA (CP)—The death penalty for sabotage, espionage or treason was urged in the House of Commons this afternoon by Arthur Slaght, Liberal, Parry Sound, Ont.

Mr. Slaght, speaking on the resolution to set up a committee on Defence of Canada Regulations, said he would seek to have the proposed committee recommend that Parliament provide the extreme penalty for these "vilest of crimes."

"Let us put the fear of God into them so far as you can hope to put the fear of God into cowardly, criminal saboteurs," Mr. Slaght declared. "In other words, let's get tough." Mr. Slaght is himself a member, and likely chairman, of the committee proposed by the Prime Minister.

## Many Italians In Canada Caught In Round-up

By the Canadian Press  
The drive to safeguard Canada from subversive elements, stepped up with Italy's entry into the war, went forward today, but the number newly arrested and marked for internment remained small.

It was learned authoritatively in Ottawa the number reached "several hundred." Censors, at the request of Royal Canadian Mounted Police, ruled against publication of specific figures or names.

In some raids, notably those at Ontario points, swift police action netted not only aliens but guns and ammunition, literature and Blackshirt uniforms.

Toronto arrests alone were estimated at several hundred, while in Ottawa it was learned the opening of a third internment camp in Canada was under consideration. It probably would be in Ontario and designed to augment internment facilities at Petawawa, Ont., and Kananaskis, Alta.

## DANGEROUS ONES JAILED

Lifting early today of the censor's ban against announcement of the intensive drive that started when Italy went into the war was taken to indicate that most Italian nationals, regarded as too dangerous to be at large, had been detained.

Plenty of work remained before police, however, in the registration of unassimilated Italians. Commissioner S. T. Wood of the R.C.M.P. at Ottawa placed them at some 12,000.

They, like some 16,000 German nationals who retain their freedom in Canada, will be fingerprinted and must report their movements regularly to police.

"An intensive drive is on to round up those persons police have listed as possible saboteurs or espionage agents," said the R.C.M.P. commissioner.

At the same time, it was said in Ottawa, operations to check dangerous German nationals received close attention. Latest figures on internments up to Monday's round-up showed some 261 persons in camps, but these may have changed in recent days.

## TAKEN FROM BUSES

Nearly 1,000 men of half a dozen forces took part in Montreal raids under R.C.M.P. direction. Police said almost every bus leaving Montreal for Laurentian Mountain points yielded at least one suspect. Raids were made on the Italian Chamber of Commerce and offices of the Italian Club.

Italian clubs and restaurants in Toronto came in for attention, and police activity was heavy also in Windsor, Hamilton and North Bay, which have large Italian populations.

At Vancouver the R.C.M.P. announced "several Italians" had been taken into custody.

(See Toronto and Winnipeg stories on page 2.)

## Italians, Germans Fight in Camp

TORONTO (CP)—A disturbance between German and Italian aliens held at the military camp in Exhibition Park here for internment was reported unofficially today. Each group is said to have blamed the others' leader for their present predicament. The disorder was quickly stopped.

## Tientsin Issues Settled By Pact

LONDON (CP)—Official British circles today said an agreement had been reached between Britain and Japan on the "outstanding points relating to local issues at Tientsin, China."

It was hoped the detailed arrangements would be available for publication in a few days.

## Cripps in Moscow

MOSCOW (AP)—Sir Stafford Cripps and Erik Labonne, new British and French ambassadors to Soviet Russia, arrived at Moscow today in the same plane. The Allied ambassadors came by way of the Balkans, Sir Stafford having made stops at Athens, Sofia and Bucharest. They were met at the airport by the chief of the Russian department of protocol and the staffs of their embassies.

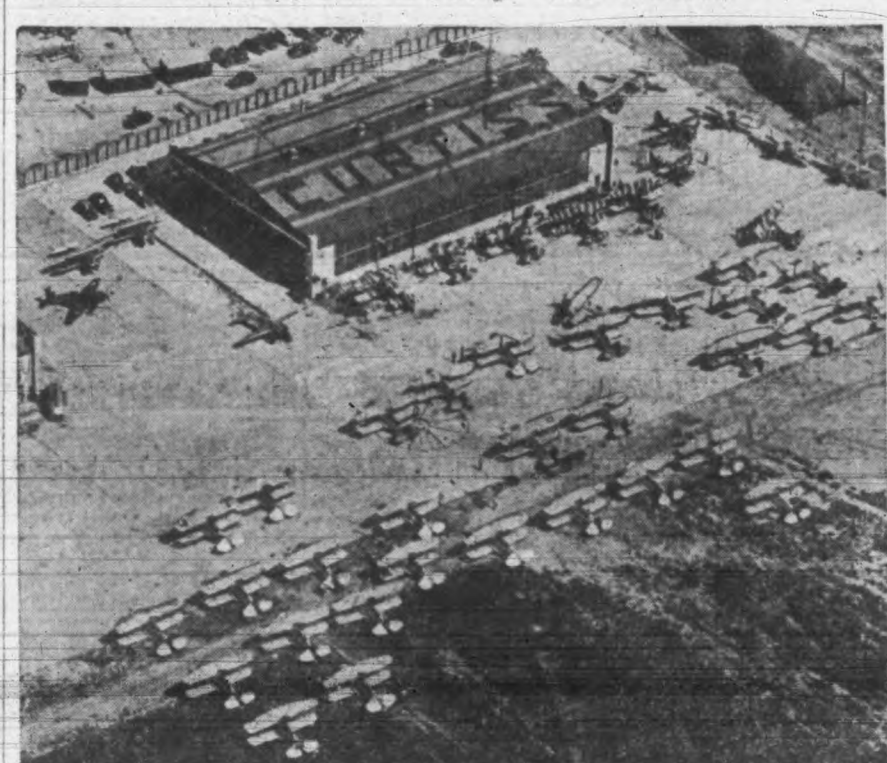

At the same time, the Italian ambassador, Augusto Rosso, returned to Moscow by train.

## Nazi Bomber's End in England

Covered with a blanket, the body of a German airman lies amid wreckage of his bomber which crashed and exploded in Suffolk, England, this week. British airmen inspect wreckage. By repeated bombing raids on Britain Hitler hopes to keep R.A.F. men like these at home to minimize their aid to the French. (NEA Cablephoto).

## Trade-In Bombers Bound for Allies

Like a swarm of giant locusts, 50 U.S. Navy Scout bombers are lined up outside the Curtiss-Wright factory at Buffalo, N.Y. They are first of perhaps 1,000 planes that army and navy are trading in for new ones, thereby releasing the trade-ins for immediate shipment to Canada and her Allies.

## ITALIAN SHIP SUNK BY CREW

SYDNEY, Australia (CP)—The Italian liner Romolo, 9,780 tons, was fired and scuttled today by her crew, the navy minister announced, when she was intercepted by an Australian merchant cruiser in the Pacific.

The crew, which took to the boats, was saved.

The Romolo left Brisbane, Australia, on June 5. She carried 5,000 bales of wool.

## VESSEL SEIZED

CALCUTTA, India (CP-Reuters)—The government of India today seized the Italian steamship Calabria, 9,515 tons.

## Schenck Denies Guilt

NEW YORK (AP)—Joseph H. Schenck, chairman of the board and executive director of production for 20th Century-Fox Film Corporation, pleaded innocent in federal court today to charges of income tax evasion, conspiracy, perjury and the making of false statements to a government investigator.

A like plea was entered by Joseph H. Moskowitz, 20th Century-Fox story editor, described by the government as Schenck's bookkeeper.

## Recruiting at Hongkong

HONGKONG (AP)—The British command here, indicating the Empire is preparing to tap hitherto untouched reserves of manpower, announced today all British subjects between the ages of 21 and 38 of pure European descent are eligible to enlistment in the regular army. Britons in the Far East wanting to enlist before had been told to wait until called.

## Take Italian Crew

QUEBEC (CP)—Crew members of the Italian freighter Capo Noli, captured Tuesday by the Royal Canadian Navy after an attempt to scuttle their vessel in the St. Lawrence River about 180 miles east of here, arrived in Quebec today under guard.

The 37 prisoners, who were taken yesterday in a Dominion government ship, were turned over to military authorities for internment.

## Russia Plans Garrison

STOCKHOLM, Sweden (AP)—Political circles in Kaunas, Lithuania, believe Russia is seeking permission to station 500,000 soldiers in Lithuania, the only Baltic state with direct frontiers with Germany, according to the Reuters correspondent of the Stockholm Tidningen.

## Remain at Posts

PARIS (AP)—General Hering, military governor of Paris, today ordered all employees of the public services in the Seine-et-Oise and Seine-et-Marne departments to remain at their posts. These are the areas immediately west and east of Paris.

## Fascist Sailors Cautious

ASTORIA, Ore. (AP)—Officers and sailors declined today to venture off the Italian freighter Lemé, anchored near Tongue Point. The vessel, bound for Trieste, turned back to the Columbia River two days before the Italian war declaration.

## Trains Canceled

LONDON (CP)—Cancellation of all trains scheduled to take parents from London to visit their children in rural areas on June 16 and 23 was announced today.

## GERMANS ADMIT STOPPING LINER

BERLIN (AP)—German sources described as authorized today admitted it was a German submarine which stopped the United States liner Washington at dawn yesterday on its refugee-carrying European voyage.

These informants claimed the German government had been advised the ship was going to Bordeaux, France, and other ports and had not been told until later in the day that she was going to Eire, which is neutral.

## Churchill Talks With Reynaud

LONDON (CP)—Prime Minister Churchill conferred with Premier Reynaud and General Weygand in France yesterday and reached "complete agreement on measures to be taken in order to meet developments in the war situation."

A ministry of information statement said: The Prime Minister was accompanied by Mr. Eden, Secretary of State for War, and General Dill, chief of the Imperial Staff, and M. Reynaud by Marshal Petain and General Weygand.

## Alarm at Tours

TOURS, France (AP)—An air raid alarm sounded in the region of Marseille at 6:23 this noon and ended at 6:40 (9:10 a.m. P.S.T.) today.

## Protective Tactics

LEEDS, Eng. (CP)—An organ grinder of Italian descent posted this sign on his hurdy-gurdy today: "I'm British and the monkey from India."

## French Line on Seine Holds

# Paris Battle Rages at Marne

TOURS, France (AP)—The French command tonight announced German troops had crossed the Marne near Chateau Thierry and had engaged the defenders in the region of Persan-Beaumont, 20 miles due north from the centre of Paris.

"On the Marne in the neighborhood of Chateau-Thierry massed enemy forces coming from the north succeeded in getting some of their troops across the south side."

"In the Reims region the enemy has thrown new armored car and other mechanized units into the battle."

## French Inflict Enormous Losses

"The northeast of Reims information from numerous prisoners indicates the enemy has suffered very heavy losses as a result of counter-attacks by our mechanized units and repeated bombardment by our aviation."

"Certain of our aerial squadrons returned five times to the battle in the course of the day."

"Between the Aisne and the Meuse the enemy have not renewed their attacks."

Nazi advance guards likewise launched heavy attacks in the region of Betz, a little more than 30 miles from the centre of Paris.

The communiqué said: "The battle continued with the same violence on the whole front."

## Fight Enemy At Bridgehead

"From the sea to the Oise the enemy have accentuated their efforts, along the Seine especially from Rouen to Vernon in an attempt to enlarge a bridgehead which they had established on the south side of the river."

"They are seeking to push forward in the direction of Evreux and Pacy-Sure-Eure (40 to 50 miles from Paris) but are being held by our forces."

"On the other hand they have sent forth scouting detachments along the north side of the Seine in the direction of Caudebec."

"On the lower Oise they have entered into contact with our troops in the region of Persan-Baumont."

"Between the Oise and the Ourcq rivers the enemy's advance guard launched violent attacks in the regions of Crepy-en-Valois and Betz."

Earlier this evening spokesmen had told how the elements of more than 100 German divisions attacking on a broad front from the lower Seine to the Argonne Forest, carried the Battle of France to the region which the Von Kluck and Von Bulow armies reached in September of 1914.

The Germans engulfed Senlis, historic town 26 miles north of Paris.

In the Vic-sur-Aisne region, where the Germans crossed to the south bank of the river and occupied a high plateau, another offensive was unleashed to push the fighting near Paris.

The French command had ordered a withdrawal south of the Marne along the line between Meaux and Chateau-Thierry. Meaux is about 26 miles east of Paris.

## French Defend Line of Seine

The withdrawals north and northeast of Paris were counterbalanced, the War Ministry indicated, in the west, where the defenses were holding near Vernon, on the Seine. Germans succeeded in crossing the river there yesterday.

Between Vernon and Rouen, in the vicinity of Louviers, the Germans were trying in vain to cross the Seine under cover of a smoke screen.

With Reims, 80 miles northeast of Paris, holding as in 1914-1918, the War Ministry said the German advance between the besieged cathedral city and Compiègne had failed to pierce the general defense system.

General Weygand's defense is inflicting tremendous losses on the Germans along the front of more than 200 miles.

As the battle in the north continued, Italian troops blew up a bridge at Vinti Mille on the French border in the Alps after mobilizing between 60 and 70 divisions.

(On the basis of an estimated strength of 15,000 men to a division, this would indicate the Italians had massed between 900,

000 and 1,050,000 troops along France's southern frontier.)

News of the Italian military activity on France's new front in the south came as the French defenders of Paris took a determined stand along the Marne at Chateau-Thierry and at Meaux. The latter place is only 27 miles east of the heart of the capital and but 15 miles from the nearest suburbs.

## On Battlefield Of September, 1914

Chateau-Thierry, where the French formed their new defense lines, marks the farthest point reached by the Germans in their great offensive of May 27, 1918.

It was also south of this same general region that the French under Joffre halted the Germans in their first great drive on Paris in 1914.

French determination to keep their main forces between the Germans and Paris was seen in the declaration of the military governor of Paris that the capital's defense would not constitute a "strategically isolated operation" but would remain within the frame of manoeuvre of the entire French forces.

German bombers attacked French airfields and communications in an effort to keep reinforcements from moving up to aid in the defence of the half-emptied capital.

The French replied with bombing expeditions extending "deep" into the German interior, the French spokesman said.

## Training Tanks Used By Enemy

A military spokesman said the Germans even were throwing training tanks into the battle and succeeded at some points of the general battlefield where the French were outnumbered and had to fall back.

No decisive victory had been gained by the invaders, however, he emphasized.

The Germans were applying terrific pressure in the regions of Soissons and Reims, northeast of the capital, he said. The Germans were pushing toward Reims in two directions, from west to east and from north to south.

## Britain Carries War to Italy

# R.A.F. Planes Smash At Turin and Genoa

LONDON (CP)—Heavy bombers operating from the British Isles have attacked military objectives at Turin and Genoa, both in northern Italy, the Air Ministry announced today.

One of the bombers was missing following this action.

## Second Air Raid On Libyan Bases

CAIRO, Egypt (CP)—Royal Air Force bombers of the Middle East command again raided Libya today, directing their principal attack on the Italian naval air base at Tobruk.

The blow at Tobruk, which also was raided yesterday, was described as "successful."

Wave after wave of Blenheim, it was announced, swept over the Italian harbor and a direct hit was scored on a large warship, which apparently was used as a supply vessel.

It was seen burning fiercely, the airmen reported, with the crew trying to beach it. Two submarines also were reported to have been hit. No British casualties were reported.

## Heaviest Attack Made on Milan

ROME (AP)—Allied air attacks against the important cities of Turin and Milan, as well as other points were reported today along with advances that Allied action had occurred along the coast of Liguria in northern Italy. The important port of Genoa is on the Ligurian coast. It was not indi-

cated whether air or naval action had taken place.

Heavy anti-aircraft firing was reported on the outskirts of Milan, indicating the heaviest air attack had come there. Both at Turin and Milan anti-aircraft fire continued for more than an hour.

Italian operations against the French and British, if any, were kept secret. The first communiqué issued by the Italian high command reported only yesterday's bombardment of Malta.

Crown Prince Umberto, as inspector of infantry, sent a message to the infantry today, saying "the fatherland is expecting still more splendid glories" from them.

## Turkey Waits For Developments

ANKARA (AP)—The Turkish government has decided to take no immediate action as a result of Italy's entry into the war, but to concentrate on preparations for defence of the country, informed sources said tonight.

The informants emphasized, however, that the Turkish government's attitude did not mean that Turkey was retreating from her engagements with Britain and France, but was merely awaiting developments.

Turkey has mutual assistance pacts with the western European Allies.

## 200,000 MEN CALLED

BUDAPEST (AP)—Turkey's call of 200,000 additional reserves to the colors was interpreted in Balkan capitals today as indicating she is preparing to fulfill her pledges to the Allies and enter

the war—provided Soviet Russia stays out.

Informed sources estimated Turkey now has approximately 600,000 men under arms, and the small nations of southeastern Europe looked anxiously to their own defenses as the war clouds grew blacker.

Hungary, Rumania and Jugoslavia hope to maintain their neutrality even if Ankara votes for war, but the fate of Greece is closely linked with that of Turkey.

## Egypt Severs Italian Contact

LONDON (CP)—The Egyptian Chamber of Deputies today approved a declaration by Prime Minister Ali Maher Pasha severing diplomatic relations with Italy. Reuters' news agency reported in a dispatch from Cairo.

(An Exchange Telegraph dispatch from Cairo earlier today said it was reported the Italian minister had delivered an ultimatum from the Italian government to Egypt.)

## Rumania Suspend Maritime Traffic

BUCHAREST (AP)—All Rumanian maritime traffic in the Black Sea and the Mediterranean has been suspended by government order. Ships were barred from leaving ports and any away at the time were ordered to return immediately.

"War conditions in the Mediterranean" were given as the reason for the order.

## Canada Offers Supplies of War

OTTAWA (CP)—Prime Minister King, informed the House of Commons yesterday steps had been taken to urge British authorities again to make greater use of Canadian industry in manufacture of war supplies.

Following a conference between the cabinet and the Canadian Manufacturers' Association, word was sent Hon. Vincent Massey, Canadian High Commissioner in London, directing him to inform the British government of the desire of industry in the Dominion to increase production of essential war materials, Mr. King said.

The Prime Minister read the lengthy message to Mr. Massey which had been sent June 8 and which included a memorandum from the association.

This memorandum pointed out that Canadian manufacturers turned out \$1,200,000,000 in war supplies for the Imperial Munitions Board in the first Great War, and in the intervening years Canadian industrial expansion has made possible vastly increased manufacturing facilities.

The manufacturers again extended every possible co-operation to the Allied governments, but "the time for placing small experimental orders is past."

## CHAPLIN PICTURE TUSSELE WITH 'LIFE'

NEW YORK (AP)—Life magazine was temporarily restrained in Federal Court today from publication of its next issue because of the alleged unauthorized use of a full-page picture of Charlie Chaplin as "the Dictator."

The issue, dated June 17, normally would come out tomorrow. The action was brought by Chaplin and the Charles Chaplin Film Corporation, who also filed suit for \$1,000,000 in damages and asked for a permanent injunction against Time Inc. and four officers of the Time and Life group.

In his complaint, Chaplin asserted he had spent \$1,000,000 on the film, "The Dictator," and that it was not yet completed, released or ready for advertising or publicity. It was essential, the complaint added, that no part of the film be exhibited to the public prior to its completion.

Chaplin charged the picture magazine obtained negatives without permission for use in its already prepared June 17 issue.

Attorneys for Life pointed out that 1,600,000 copies already were in the hands of news dealers and it was stipulated that the injunction would not apply to these. An additional 1,200,000 copies still in the publishers' hands will have to be revised before distribution.

## Warning of Rumors Against Red Cross

VANCOUVER (CP)—F. W. Tuffrey, provincial Red Cross commissioner, warned here today that instances had been reported of a gossiping campaign to discredit work of the society in obtaining contributions throughout Canada.

Persons spreading gossip that the society was selling goods donated to it, or making disparaging remarks about it should be reported to the authorities, he said.

Mr. Tuffrey added instances had been reported from other provincial divisions where they had been investigated by Royal Canadian Mounted Police.

In one case, he said, the reports were found to have been spread by two Germans.

## Britain and Italy Exchange Nationals

LONDON (AP)—An official of the Italian embassy said today no detailed instructions had been received and the ambassador and his staff may not leave London until tomorrow. Informed sources said an understanding had been reached whereby 300 Italians would be allowed to leave England in exchange for a similar number of British citizens now in Italian territory.

These, in addition to diplomatic and consular personnel and their families will include "certain other categories" understood to embrace journalists.

## Money-saving Values Every Day at

**SAFEMART**  
4 STORES TO SERVE YOU

## Italy Vulnerable on All Sides

Italy's geography forces her to be ready to defend herself from many directions, but also give her many possible routes of attack. Arrows indicate how Mussolini's forces can strike through Switzerland, the Balkans, directly into France, or by air and sea against the Empire lifelines of Britain and France. But while Il Duce has a big army, a formidable air force and a specialized navy, he must strike quickly, to be effective. Britain's coal embargo last winter showed how control of Gibraltar and the Suez can grip Italy's economy. Experts estimate Italy would have to win in 90 days or be caught short of essential supplies.

## Winnipeg Alderman Held

## Attacks on Property Of Italians in Ontario

TORONTO (CP)—Police reported new disorders involving the property of Italians here today while the military camp at Exhibition Park became the concentration centre for internment of new enemy aliens from many parts of Ontario.

Throughout yesterday big trucks rolled into the grounds carrying well-guarded loads of Italian prisoners. They will be kept here until they can be transferred to one of the two established internment camps at Petawawa, Ont., and Kananaskis, Alta.

Meanwhile a number of new attacks on Italian property were reported.

An Italian alien, charged with unlawful possession of a revolver, was held at Newmarket, nearby town.

Among those reported interned in Toronto was an Italian stenographer employed by the Ontario fire marshal's department for the past five years.

It was reported unofficially that business at Italian-operated stores had slumped badly since Mussolini declared war against the Allies.

The order of the Sons of Italy of Ontario announced it had sent a letter to member lodges, reminding all members that they are pledged to love Canada, obey its laws and respect its government and constitution.

At Windsor, Ont., more than 150 city, Royal Canadian Mounted Police and provincial police, aided by private citizens, have arrested "several" Italians since Monday. A large quantity of firearms, ammunition and literature was seized.

Windsor businessmen acted as chauffeurs for raiding officers and also assisted in searching homes.

A number of Italian men, reported as leaders in a Canadian Fascist organization, were arrested Monday night in the Niagara district.

Royal Canadian Mounted Police, working in co-operation with local municipal police, raided stores and homes occupied by the men in St. Catharines, Thorold, Hamberstone, Merritt, Niagara Falls and Fort Erie. Literature connected with Italian movements was seized, it was reported.

Winnipeg (CP)—Attorney General W. J. Major today announced Alderman Jacob Penner has been taken into custody pending decision on his internment by Dominion officials at Ottawa.

Penner, member of the outlawed Communist Party, has been on the Winnipeg City Council continuously since 1934.

Also confined to the provincial jail at Headingly is Dr. F. K. Schneider, Lockport, Man., said Mr. Major. Schneider, former German army officer, recently was released from the Kananaskis internment camp, west of Calgary.

The Attorney General added that his department is checking up on other members of the Communist group here but no further detentions have been made.

## BIG JEWISH ARMY TO TRAIN IN CANADA

NEW YORK (CP)—Negotiations are far advanced toward the formation of a Jewish Army to fight the common enemy, Vladimir Jobotinsky, president of the World New Zionist Organization, told a press conference here today.

The plan is receiving the sympathetic attention of the Churchill and Reynaud governments, as well as the governments at Ottawa and Washington, he said. To assembled newspapermen he made these two predictions:

1. The war will go on to victory regardless of what happens now before Paris.

2. Within six months a Jewish army will take the field.

By that he did not mean that a full army in every sense of the word would be in action against Germany and Italy within six months. But when the first Jewish man in Jewish uniform, the first Jewish infantry battalion, fired a shot, the Jewish army would be engaged. The rest would follow.

The new Zionist leader foresaw a large training camp in Canada for the Jewish army when it comes into force. To Canada would flock Jewish volunteers from the United States, South America and Canada itself.

The two men said an army of 100,000 men was a most conservative estimate.

## Battle of Paris Reaches Its Peak

LONDON (CP)—A Reuter's news agency dispatch from Paris today quoted a French military spokesman as saying "the battle for Paris is now fully engaged" following a French withdrawal north of the city.

"The situation remains one of extreme difficulty," the spokesman was quoted as saying. "The Germans are staking everything on this battle."

In London British military circles said now "everything depends on the ability of the French army to hold the superior forces of the Germans" in the Battle of France.

There has been "no slackening" of the German attack, it was said. "The most serious thing is the development of the battle around Reims, where heavy attacks have been launched with German armored troops, of which there are two divisions."

As to the possibility of Italian operations against Ethiopia against Jibuti, French Somaliland port and railway outlet from Ethiopia, the commentator said:

"Little damage was done by the Italian bombing of the British Mediterranean base of Malta yesterday, the commentator said."

## HEINKEL BOMBER DOWNED OFF KENT

LONDON (CP)—An Air Ministry announcement today, reporting the bagging of a Heinkel bomber off the southeast coast of England, said the German raider, caught by searchlights, dropped a flare and cut loose a burst of machine gun fire. It was then engaged by British fighters.

The communiqué said: "A Spitfire (British fighter) pilot dived more than 11,000 feet to make a first attack on a Heinkel 111, which was shot down off the Kent coast shortly after 8 a.m. (11 p.m., Tuesday, P.S.T.)."

"After firing the whole of his ammunition, he saw the Heinkel dive into a cloud with black smoke pouring from the port engine."

"A second Spitfire took up the chase and was followed closely by two more. They could see the Heinkel stagger; low over the water with its tail splashing the surface repeatedly as the pilot tried in vain to continue his flight."

"Finally the Heinkel came to rest on the sea and two members of the crew were seen to climb out into a dinghy. They were picked up and now are in a hospital in a Kent coastal town."

## GERMAN CLAIMS

BERLIN (AP)—Today's German communiqué said: "The new operations begun June 5 between the English Channel and south of Laon have led to full success."

"After the Weygand zone south of the Somme had been taken, lines of retreating enemy were broken through at several points and the remainder were pushed back across the lower Seine with heaviest losses."

Gen. Weygand has said that French lines have bent but have not broken.

"Rouen has been in German hands several days. (This claim was not confirmed in Paris)."

"The Seine beyond (west of) Paris has already been crossed by our troops at several points. One enemy group was cut off near St. Valery and encircled at the coast. (German units which crossed the Seine were destroyed by the French)."

"Northwest of Paris our divisions, standing on the Aisne, are 20 kilometres (about 12½ miles) outside Paris and the outer defense positions running along both sides of Senlis."

"The nearest Germans are 15 miles from the outermost suburbs of Paris."

"Complique, scene of the disgraceful armistice dictate of 1918, and Villers-Cotterets are in our hands. Eastward of the Ourcq, the river Marne has been reached on the broadest front with strong forces."

Reims has been taken. In Champagne, the Suippe River was crossed.

"The French still hold Reims, but the Germans are attacking it from two directions."

"Despite numerous counterattacks in Champagne, partly supported by tanks, the French also yesterday failed to halt our advance. In the course of new operations the enemy, besides suffering heavy and bloody losses, lost a great number of prisoners, weapons and war material of all kinds."

## R.A.F. Shatters Nazis at Rouen

LONDON (CP)—The Air Ministry announced tonight the Royal Air Force in a 10-minute action supporting the Allied armies resisting the right wing of the German thrust dropped high explosive and incendiary bombs at the rate of more than 200 a minute.

The Air Ministry said the raid, which took place yesterday, was one of a series against German concentrations southeast of Rouen. Cannons were wrecked, mechanized columns scattered and road junctions blocked.

The announcement said 20 German armored vehicles received a full salvo of bombs and that 10 big tanks were enveloped in smoke and debris when heavy bombs fell around them.

It added that other targets "successfully attacked" included an anti-aircraft battery near Les Andelys and a mechanized column at Radcherville.

The R.A.F. bombed military objectives at Cologne and elsewhere in western Germany yesterday, the ministry announced.

In operations over France the R.A.F. destroyed at least eight enemy aircraft. One British fighter plane is missing.

The commentator said: "There is no confirmation that the Italians are attacking towards Jibuti."

He noted, however, that the Italians "have always wanted that railway and may hope for some quick success for reasons of morale at home."

"Little damage was done by the Italian bombing of the British Mediterranean base of Malta yesterday, the commentator said."

## \$327,000,000 for Warships

## U.S. Navy Starts Work On 22 New Vessels

WASHINGTON (AP)—The United States navy department today announced work was ordered started on two new 45,000-ton battleships and 20 other warships and auxiliaries last night, within an hour after President Roosevelt had signed the navy's \$1,400,000,000 appropriation act.

The two battleships were assigned to the New York and Philadelphia navy yards, respectively, and the other vessels were divided between government and commercial yards.

Officials said the navy acted with swiftness unmatched even in the last war. The contracts for nine warships, assigned to commercial shipbuilding plants had been negotiated while final action on the appropriation was awaited.

The 24 ships will cost more than \$327,000,000 to complete, it was estimated.

The speed with which the navy moved found its army counterpart in measures which were said to be designed both to strengthen defenses and furnish substantial assistance to the Allies.

A group of 93 airplanes and millions of dollars' worth of munitions were being made available to the Allies by the army under the government's "trade-in" plan of aid.

The 93 war planes, Northrop attack ships, were being concentrated at Houlton, Me., on the Canadian border. The Douglas Aircraft Corporation of Burbank, Calif., successor to the Northrop Company, was reported to have agreed to accept them in payment of new planes to be delivered later to the army.

The concentration at Houlton was said to have been decided on as the most direct way of getting the ships, which are six or seven years old, to the Allies.

**Strengthen Alaska Forces**

**Juliana Visits Vacation Spot**

HALIFAX (CP)—Crown Princess Juliana and her two children stepped ashore at 10.55 a.m. (5.55 a.m. P.S.T.) today and boarded the train provided to take them to Quebec. The train pulled out 10 minutes later.

(An Ottawa dispatch later said Princess Juliana and her daughters would proceed to a rural vacation spot, and not to Quebec City as originally understood.)

The Princess stood on the deck of the warship which brought her here yesterday and addressed the sailors and officers in Dutch. As she turned to depart the seamer gave her three cheers and then three cheers for the Netherlands. W. H. Measures of Ottawa, a representative of the Canadian external affairs department, escorted Princess Juliana down the gangplank to the pier. F. E. H. Greenman, Netherlands minister to Canada, met her at the foot of the walk and escorted her to the special train, which was waiting alongside the pier.

Dutch sailors with their ribboned caps lined the rails as their princess disappeared in the transit sheds toward the special train. She wore a blue dress with a wide white belt and a white hat.

Little Princess Beatrix was led down the gangplank by the hand of a Dutch sailor. A white, younger of the two royal children.

No one was allowed on the piers where the war vessels were moored until shortly before the departure. Only a small group, mostly newspapermen and photographers, were at the ship's side when the Princess landed.

The ships bearing the royal passengers arrived in port yesterday. The Princess came ashore for only a few minutes last night when she left her ship to board the escort vessel.

After the train had left today an officer said that in her address to the men the Princess had wished the men good luck for themselves and for their

families, back in beleaguered Holland. Then she expressed a wish that all might have a happy reunion in their motherland.

**New Air Council Member**

OTTAWA (CP)—Air Commodore A. A. L. Cuffe has been appointed a temporary member of the Air Council for air staff, and Group Captain George E. Brookes has been appointed to take his place in command of No. 1 training command, Royal Canadian Air Force, with headquarters in Toronto, according to an Air Ministry announcement.

As a member of the Air Council for air staff, Air Commodore Cuffe succeeds Air Commodore Lloyd S. Breadner, recently appointed chief of air staff.

**Round-up in Australia**

SYDNEY (CP)—Police throughout Australia, acting under military intelligence officers, have carried out the biggest round-up of aliens in this country's history, as Italians are the largest foreign element in the Commonwealth.

Thousands were taken into custody in a few hours in cities, small townships and in country areas.

Searches in some cities revealed stocks of arms, ammunition and very lights, and implicating correspondence with fascists in Italy.

**Want Sudetens Watched**

DAWSON CREEK, B.C. (CP)—Close police supervision of Sudeten Germans in the Peace River block is urged in a resolution passed at the opening of the new Canadian Legion hall here. The Sudetens settled in the Tilley Creek area, 350 miles northwest of Edmonton, following the German invasion of Czechoslovakia.

**Stamps for Pupils**

VANCOUVER—War savings stamps may be placed on sale in Vancouver schools, the board of school trustees has announced. The board stipulated, however, that while the stamps may be put on sale, no canvass of students is to be made.

**French Question Nazi Air Prisoners**

Officers of a French unit are shown in this official French government photograph questioning German prisoners captured after an aerial battle. The prisoners are the crew of a German bomber brought down by the French in an air combat over the front lines.

**Checking Fifth Column****Commons Committee To Revise Defence Rules**

OTTAWA (CP)—A House of Commons united in its determination to safeguard this country against sabotage and espionage was at some odds today over the best way to accomplish that end.

There was general recognition that some compromise with the normal civil liberties of British citizenship had to be accepted in wartime, but the question was where to draw the line. There were those who urged rigid enforcement of more drastic regulations and those who urged more clearly-defined regulations, judiciously applied.

The whole question of the Defence of Canada Regulations is on the verge of being referred to a select 15-man committee of the Commons for review. Debate on the question continued today.

Hon. T. A. Crerar, mines and resources minister, who has charge of information, told the House yesterday that in the last three years only 1,240 German-born had been admitted to Canada, the majority of them refugees.

Prime Minister King said there had been complaints the Defence Regulations had been too severe, and more recently that they did not go far enough. The committee could make a complete examination and make recommendations to the House.

The following members were named in his resolution to form the committee: Bertrand (Liberal, Laurier, Que.); Brooks (Conservative, Royal, N.B.); Claxton (Liberal, Montreal, St. George); Coldwell (C.C.F., Roseville, Sask.); Diefenbaker (Conservative, Lake Centre, Sask.); Dupuis (Liberal, Chamby, Rouville, Que.); Factor (Liberal, Toronto, Spadina); Green (Conservative, Vancouver South); Hiley (Liberal, Digby, Annapolis, Kings, N.S.); Marshall (Conservative, Camrose, Alta.); Maybank (Liberal, Winnipeg, South Centre); McKinnon (Liberal, Kenora-Rainy River); Ross (Liberal, Calgary East); Slaght (Liberal, Parry Sound, Ont.); and Turgeon (Liberal, Carleton Place).

Both Conservative leader R. B. Hanson and M. J. Coldwell, C.C.F., Rosetown-Biggar, Sask., welcomed the move to have the Defence Regulations examined by a Commons committee.

Mr. Hanson drew fire from Mr. Coldwell when he spoke of so-called "pinks" as persons who might object to the defence regulations. Mr. Hanson also chided university professors with advanced ideas and suggested they might mix more with common people, where "perhaps their pink color will shade into a more eloquent white."

The clergy too were brought into Mr. Hanson's remarks when he said that if he could get the ear of the Moderator of the United Church in Canada, (Rev. Dr. John Woodside of Ottawa) "I would like to tell him something."

Mr. Coldwell said the more he heard from some politicians the more he believed they could be improved by association with college professors. He said the people of Great Britain had turned in their extremity to the very class of advanced thinkers to which Mr. Hanson referred.

Mr. Coldwell said the more he heard from some politicians the more he believed they could be improved by association with college professors. He said the people of Great Britain had turned in their extremity to the very class of advanced thinkers to which Mr. Hanson referred.

Mr. Coldwell said the more he heard from some politicians the more he believed they could be improved by association with college professors. He said the people of Great Britain had turned in their extremity to the very class of advanced thinkers to which Mr. Hanson referred.

Mr. Hanson said. But he believed the section should stand.

Mr. Coldwell said "the C.C.F. group, long before the war, had tried to impress upon the government the danger to internal security from growth of Fascist organizations in Canada."

"Today we are worried over fifth column activities in Canada. Fascist organizations in Canada have been active for the past five years, and have not been investigated as they should have been."

Nazi and Fascist organizations have been encouraged and often financed by powerful economic and social groups in all democratic countries."

It had been said that powerful financial groups with Canadian connections had contributed to the Nazi movement in Germany, he said. Among these was Sir Henry Detering of the Shell Oil Company. Mr. Coldwell emphasized he was dealing only with established facts.

If Germany succeeded in reversing Allied arms there were powerful groups in all democratic countries not averse to setting up a form of dictatorship "if they could get away with it."

Mr. Coldwell urged careful definition of the regulations and opposed greater police power in their application. He urged greater control by the Minister of Justice, rather than by nine provincial Attorneys-General.

Observers said the pact further strengthened Japan's position throughout the South Pacific.

They recalled that Thailand and French Indo-China have been in dispute over their boundaries and expected that Thailand now would make an intensive effort to have the differences settled.

Meanwhile reports were published here that the United States was considering a general rapprochement with Japan as a preliminary step toward active participation in the European war.

Suma said the Japanese embassy in Washington had reported on such a development without details and added "good things can never come too late."

In general, however, there was a disinclination here to take such a trend seriously.

Suma asserted the United States embargo on machine tools was being watched closely to determine whether it is really undiscriminatory.

"If these articles continue to be exported to France and England while withheld from Japan," Suma said, "the embargo cannot be truly undiscriminatory."

One ship bearing 17 cases of tools consigned to Japan already has been reported stopped.

Japanese said they considered American entry into the war virtually impossible as long as relations are strained in the Pacific.

One political observer recently described the situation as having "nailed the American fleet in the Pacific."

The Japanese price for any rapprochement, it was said, probably would be complete recognition of Japanese aims in China and agreement with Japan's contentions regarding the Nine-power Treaty, regarding among other things respect for China's independence and the open door policy, that conditions have changed.

Early American colonists considered whale meat "fish," not knowing that whales are mammals.

**Peace in Pacific****Pacts Signed With Thailand**

LONDON (CP)—An informed British source today said a non-aggression pact between Great Britain, France and Thailand (Siam) had been signed at Bangkok.

It was understood the Anglo-French-Thailand pact was negotiated independently of one between Thailand and Japan which was announced officially at Tokyo today.

**SAY PLANS PEACEFUL**

TOKYO (AP)—Japan and Thailand (Siam) today concluded a treaty of friendship and Yukihiro Suma, the foreign office spokesman, called it "unmistakable evidence of Japan's peaceful intentions in the South Pacific."

The pact, which is to run for five years after ratification, stipulates:

1. Mutual respect for each other's territory and reaffirmation of friendly relations.

2. Exchange of information and consultation regarding matters of mutual interest.

3. A guarantee that neither Japan nor Thailand will assist a third country should it attack either of them.

Suma said that Thailand had proposed a nonaggression treaty, but Japan considered such a pact unnecessary.

Observers said the pact further strengthened Japan's position throughout the South Pacific.

They recalled that Thailand and French Indo-China have been in dispute over their boundaries and expected that Thailand now would make an intensive effort to have the differences settled.

Meanwhile reports were published here that the United States was considering a general rapprochement with Japan as a preliminary step toward active participation in the European war.

**HEPBURN WARNS OF NAZIS IN U.S.**

ST. THOMAS, Ont. (CP)—

Premier Mitchell Hepburn of Ontario states Ontario provincial police have received information that Nazi and Fascist sympathizers in the United States are organized and waiting only for orders "from across the Atlantic" to attack Ontario.

The government today started immediately to drill an army of civic guards to watch for possible trouble.

Mr. Hepburn, recuperating from illness at his home here, said he considered the matter so urgent he was disregarding physicians' orders and issuing a statement to the press from his bedside. He declared the totalitarian sympathizers in the United States are well trained and equipped with arms for quick action.

Operatives of the criminal investigation department of the provincial police had definite information, he said. "I hope the able-bodied men of Ontario will become as apprehensive of this danger as I am and that they will act quickly. I appeal to them to act for the protection of their homes and their factories, of their wives and children."

"I have no confidence in the Dominion government, judged by its past record. I have no confidence in the Dominion government of being of help to us in the event of such an invasion of our fair province. I fear that by the time the Dominion government got ready to act, the damage would be done."

By the time the all-clear signal was given and Geneva residents

strengthened both defences and neutrality, the Geneva State Council yesterday banned public meetings and warned foreigners and Swiss to "abstain scrupulously from any discussion susceptible of disturbing the peace or creating incidents," under penalty of arrest.

The federal government published a decree authorizing local authorities to compel property owners to build air raid shelters.

While all Switzerland moved to strengthen both defences and neutrality, the Geneva State Council yesterday banned public meetings and warned foreigners and Swiss to "abstain scrupulously from any discussion susceptible of disturbing the peace or creating incidents," under penalty of arrest.

**Enemy Planes Kill 4 Swiss**

GENEVA (AP)—The Swiss

counted four dead, including two women, and many injured today in bombings of cities and villages by foreign planes. The identity of the bombers was not known.

At least 18 persons suffered serious wounds in Geneva, where five bombs were dropped in a suburban district, killing two persons.

Five bombs were dropped on a railroad station and a nearby hotel in Remens, north of Lausanne. A woman in a wheel chair was killed, her husband's foot was torn off, and a man, asleep in bed in the hotel, was fatally injured.

Swiss expressed an unofficial belief the plane that raided the Geneva suburb was Italian, but a communique some hours later did not state its nationality.

The plane, roaring over the towering Salève Cliff just across the border in France early today, moved over Swiss territory as it dropped its cargo in the Champel-Carouge district.

Sirens awakened Geneva residents and sent them scurrying for cellars. French searchlights swept the sky and anti-aircraft gunners fired at the invader.

By the time the all-clear signal was given and Geneva residents

strengthened both defences and neutrality, the Geneva State Council yesterday banned public meetings and warned foreigners and Swiss to "abstain scrupulously from any discussion susceptible of disturbing the peace or creating incidents," under penalty of arrest.

## Narvik

MR. CLEMENT ATTLEE, LORD PRIVY Seal, informed the British House of Commons yesterday that Allied forces were withdrawn from the Narvik front because of pressure on other battle. Abandonment of this campaign, however, was decided upon only after the port had been rendered completely useless for many months to come. This is the outlet for iron ore from the Swedish mines at Kiruna—and, of course, is open all the year round. In the summer months exports pass through Lulea in the Gulf of Bothnia to Germany.

Narvik was considered of considerable importance not only because it is the all-year-round shipping point for this ore to the Allies as well as to Germany, but also because its equipment for the rapid handling of the product of the Swedish mines has no rival anywhere else in the world. The object of its capture, by the way, was twofold—apart from its significance as Norwegian property held by the invader: One was to preserve the constant supply of iron ore for the Allies and the other was to dry up this source to the enemy. The alternative, however, was its possession for a sufficient period to enable competent engineers to destroy the complicated mechanism so that its reconstruction would be a long and laborious task.

Experts who are familiar with the iron ore business at Narvik, and understand the important economic factors in speedy handling of heavy tonnage from long trains to shiphold, pointed out some time ago that an effective job of destructive dismantling would present even the ingenious German engineers with an extremely difficult problem. And although they might obtain substitute machinery it was doubtful, in their view, whether, during the war, at any rate, duplicates of essential parts could be manufactured. In other words, Mr. Attlee may have meant that while Narvik is abandoned, it is of no practical service to the Germans in a vital particular.

## South Africa Heard From

SOUTH AFRICA HAS ISSUED ITS FIRST war communique in the present conflict—and it has a heartening ring. It reads: "South African Air Force heavy bombers yesterday attacked military objectives in Abyssinia (Ethiopia). Extensive damage to buildings, personnel, roads and equipment was done."

Although laconic to a degree, this dispatch reflects pride of achievement, and furnishes new proof that racial and political differences which flared up in the Union a few months ago have been submerged in an intense devotion to the cause of liberty. Even General Hertzog, for nearly 16 years Prime Minister of South Africa, may have had a change of heart since he advocated neutrality for his country. He thought it would be better for the Union to preserve diplomatic relations with Nazi Germany; he has learned much since then. The invasion of Holland and Belgium also may have diluted Dr. Malan's nationalist, republican-isolationist views. These two men now know how totalitarianism works; it recognizes nothing but its own needs. Prime Minister Smuts knew that.

The Union's first war communique, moreover, is another reminder to Germany and Italy that every bit of the British Empire, all it is and means, is in this fight to smash totalitarianism. And it is a British Empire now tremendously encouraged by President Roosevelt's practical promises at Charlottesville on Monday.

## Seeing the Light

YESTERDAY MORNING'S COLONIST contained an editorial which argued that "if the Liberal administration at Ottawa went into the war with the idea that this was the time to launch a policy of cash on the barrel-head against the United Kingdom, by this time it has probably been disabused of the idea." We are also told that "while Canada was haggling with Great Britain over the price to be paid for Canadian wheat, the United Kingdom completed large orders for Australian wheat, and made additional heavy commitments in Argentina. The result was to block the movement of Canadian wheat to one of the best markets, a result that is finding its reflections today." Our contemporary then concludes with this:

"Bit by bit it will be borne in upon those in charge of affairs at Ottawa, that war does not mean any kind of a halcyon market for anybody. That Canada should seek to profit by what is Great Britain's emergency never had the slightest justification in fact. The whole aim of this country should be to help, and not to embarrass."

We do not profess to know what the Colonist means by a policy of "cash on the barrel-head" in connection with Canada's sales of foodstuffs to Britain. But the fact that it starts off with an "if" suggests it is resorting to the familiar political formula of erecting a straw man to enjoy the simple task of knocking him down. But it is unfortunate for itself and its continuous single-tank "Blitzkrieg"—without the "Blitz"—against the King government that it should have selected wheat as the commodity in which it implies Canada has sought to profit by Great Britain's emergency.

Has our contemporary forgotten that it was Dr. Manion—whom the Colonist tried

hard to elect—who declared at Brandon early in the federal election campaign that if Mr. King had not "refused" the British air training scheme our farmers might be getting \$1.50 a bushel for their wheat instead of approximately half that amount? And the Conservative leader repeated the assertion more than once. He dropped it like a hot brick when he discovered that one of his hands—figuratively speaking—was waving the flag while the other was diving deeper into the pockets of the already overburdened and war-harassed British taxpayer. Small wonder the morning paper at last condescends to agree that profit from Britain's emergency "never had the slightest justification in fact."

Of course not; Liberal policy, from the time Sir Wilfrid Laurier established the British Preference in 1897, has always been one of assistance. Economic embarrassment to Britain began with Bennett's Ottawa pact—corrected by the Canada-United Kingdom-United States treaties which have operated so successfully and mutually profitably since January 1, 1939.

## Good Man for Goebbels

ONE OF THE SONS OF ITALY AT PRES. ent in Seattle has missed his calling and the Herr Doktor Goebbels ought to persuade Dr. Duce to release him from the position of acting Italian consul for the Sound City area for service in Berlin's Nazi propaganda factory. He is indeed a Fascist optimist, this Dr. Giuseppe Bovio, who told the Seattle Post-Intelligencer yesterday that "Italy may win in a few days," and that, at the longest, "the war can't last more than a month; then a new order will be established in Europe, making for the peace and happiness of the whole world."

We heard most of this, of course, from Mussolini as he screamed from the balcony of the Palazzo Venezia; but we are amused at Bovio's suggestion that "when the war is over, Italy and America will be drawn closer together than ever before." And he improved even on this when he said: "I believe Americans will approve Italy's patience and sincere efforts to avoid war. For the last eight months our country has sought a peaceful settlement with the Allies. They did not realize that Italy must have more room in order to live."

It may not be long before Dr. Bovio makes a startling discovery. It will perhaps dawn on him that when the President of the United States explained to the world at Charlottesville on Monday how he had tried to reason with Mussolini to use mediation in the cause of peace, and how Dr. Duce showed by his actions that his intention was war, Mr. Roosevelt meant every word he said. And what he thinks of Bovio's idol was summed up in the Presidential castigation: "The hand that held the dagger has stuck it in the back of its neighbor."

## May Be No Choice

UNITED STATES SENATOR BURTON Wheeler, a Democrat from Montana, declared in the Upper Chamber at Washington today that he would "break with the Democratic party" if it became a "war party," and added that he would not support any presidential candidate "who is going to try to get us into this war."

Naturally our neighbors want to steer clear of the actual conflict. It is to be hoped this may be possible. President Roosevelt already has greatly encouraged the Allies by his promise of the utmost material assistance on a "full-speed-ahead" basis. But the trouble with the present situation in Europe is that no one knows how much more strength Germany and Italy can put into their challenge to the world's liberty and safety, how much more ground will have to be given before shortage of vital supplies will slow down the battle of France, and how far the interests of the Americas may be come involved as the conflict draws on.

Avoiding any charge of presumption, however, it appears to us, and probably to the vast majority of our friends across the border, that it no longer is a matter of "trying to get" the United States into the war, but a question of whether a victorious Germany might try to bring the war to the United States.

## MANION SERVED WELL

From Toronto Globe and Mail  
Life has been an adventure for Hon. Dr. R. J. Manion, who has sacrificed personal ambition in the interests of the Conservative Party. No man was more popular in Parliament than "Bob" Manion; but his personal magnetism was not sufficient to overcome the prejudice of the rank and file.

A veteran of the Great War, in which he won the Military Cross while serving as medical officer with the 21st Battalion of the Canadians at Vimy Ridge, Dr. Manion is in favor of a more vigorous effort on the part of Canada in the present conflict. Indeed, the fear of many people that he might sponsor conscription did much to defeat him. Dr. Manion has been in public life for nearly 25 years, and was elected to Parliament in the wartime contest of 1917, after serving in the French, British and Canadian armies. His most outstanding work at Ottawa was as Minister of Railways during the Bennett regime, when he insisted upon calling a halt to extravagance and wasteful competition and got the Canadian National Railways management on a saner basis.

He never spared himself, but gave the country all he had in conscientious and efficient service, and it is not improbable that he will some day return from temporary eclipse to serve again. Mr. Bennett had not a more capable or loyal lieutenant.

## Parallel Thoughts

Better it is to be of an humble spirit with the lowly, than to divide the spoil with the proud.—Proverbs 16:19.

Humility, like darkness, reveals the heavenly lights.—Thoreau.

# As I See It

By ELMORE PHILPOTT

SAP NO. 1

MUSSOLINI'S LONG-AWAITED, long-advertised plunge into war has at last rendered the world one real service. It moves the whole conflict one great step nearer the inevitable showdown. We will soon know the worst. We can immediately begin to take counter measures which will eventually defeat the dictators.

My guess as to the future of this war can be very simply stated. Things will probably get much worse, much more critical, in the weeks just ahead than they are now. Russia, Japan and Spain will soon have to show exactly where they are going to stand. I expect Mussolini to achieve spectacular gains in the near future. But his entrance into war has given us the opportunity to increase the effectiveness of our most deadly weapon—namely the economic blockade. While Mussolini remained "neutral," even in theory, encirclement of Germany was impossible. But as long as we can securely hold both ends of the Mediterranean Mussolini is an economic prisoner, and in the long run, a liability—and not an asset to Hitler.

MUSSOLINI CANNOT WIN  
ONE WOULD BE AN utter idiot to attempt any confident forecast of events at this time, when the destiny of all mankind is trembling in the balance. Mr. Churchill is no defeatist. Yet even he foresees the possibility that the temporary base of Allied operations against the gangsters might have to be moved to North America.

But of one thing we can all be certain. Whatever else happens in this war, Mussolini cannot win. If the Allies win he is naturally out of luck. If Hitler should become master of Europe Mussolini's fate would be even more unhappy. For of all people in the world who have a contempt for Mussolini, the Germans probably have the deepest. A newspaperman who knew more of Nazi Germany than anyone else I ever met told me in 1935, after watching Hitler in action for two years:

"The Germans learned only two things from the last war. The first was not to lose the next war; the second was never again to trust the Italians."

Hitler believes in the rule of force, and so does Mussolini. Hitler dreams of reviving that Germanic thing misnamed by historians the Holy Roman Empire. Mussolini dreams of reviving the still earlier and genuine Roman Empire of the Caesars. But, unfortunately for the Italians, Hitler's ideas are backed by military might, economic strength, and a dynamic ideology, beside which Mussolini's counterparts are pathetic in their feeblity.

## BUNGLED

MUSSOLINI'S PART, if the dictators won, would be somewhat like that of the stiletto assassin in the heyday of the gangsters in New York and Chicago. The big shots would use him on occasion to do some particularly dirty piece of work, like a stab in the back. But in their hearts they would despise him, and in the end they could enforce their will on him because they had snatched off shotguns while he had only a stiletto.

That is why I think history will not even put Mussolini and Hitler in the same class. As a genuine bad man, a real killer, a satanic trouble-maker, Hitler looms as large as any evil personality in history. But Mussolini is just what the Americans call a sap.

As a blackmailer he might have continued to be a comparative success, but the blackmailer turned burglar is another matter. Even as an assassin he has bungled his job. For the technique of the stiletto calls for a stab in the back, without warning.

## A RUDE AWAKENING

From HANNA, ALTA, Herald  
Germany reached her present place of power—purely through hard work. While French labor was fighting for a 40-hour week, German labor was working 24 hours a day and seven days a week. It was only a week ago, eight months after the war opened, that British airplane factories have been working at full speed. Maybe the ominous events now happening will shake up the people of the United States and Canada to such a degree that they will realize that this continent has the highest standard of living in the world and the people have become more or less spoiled as a consequence. They take everything for granted and the more they get the more they want. They theorize and dream and gabble about a future state in which there will be no work, but everyone will have an abundance from some mysterious source.

## TOLL

Image of greed and hate,  
Seated on mangled dead,  
Steel jaws and throat agape  
For youth's blood poured,  
And lover's tears.  
What of you?

Old nations see yourselves  
From between slotted lids,  
Half robots and half men,  
Gluttons of greed and hate  
And mangled dead.  
What of you?

How long will you endure  
Savour and sight  
Of young blood poured,  
And lover's tears  
Shared with this ghoulish thing,  
Thirsty, obscene,  
Seated on mangled dead,  
Pander to hell?

W. D. CALVERT.

Spoke, V.I.

Some people are disappointed by vitamin pills because the thing they are trying to cure is age.

## Is the World Facing Famine?

By SCIENCE SERVICE

IS THE WORLD being drawn toward famine?

This dark question haunts the food experts, who soberly admit they cannot see far ahead in this continually surprising war. But reports from the world's food front, that mean bread, or none, for large masses of the world's 2,000,000,000 people, are not bright.

There is hunger now in parts of Europe, hunger in northern China. This continent, fortunately, sees no menacing shadow of food shortages on its own horizon. Canada has the largest wheat surplus, 281,527,647 bushels, it has ever known.

At start of Europe's war, the world's granaries overflowed with largest wheat supplies known in history. The 1939 crop, plus record-breaking reserves, totaled the tremendous amount of 5,459,000,000 bushels, not counting the wheat in Soviet Russia and China, for which available figures are never complete.

## NO CROPS

Now, the wheat situation is less favorable. Wheat, which means bread to a third of the world, has been attacked by severe winter in northern Europe, and by a late spring shortage of field labor, devastation in embattled countries. The crop is forecast as less than needed for consumption.

Meanwhile, ironically, the reserve that was record-breaking in 1939 is apt to be about 250,000,000 bushels larger than in July, 1939, when it stood at 1,189,000,000 bushels. A large part of this reserve is in the hands of the Big Four wheat exporting countries—Australia, Canada, the United States, Argentina. Shipping and financing limit the amount that can be exported now. By another July, in 1941, the carry-over will be on the down grade, it is believed. Oddly enough, the Wheat Advisory Committee, back in 1938, forecast the carry-over of the world's wheat to be expected in the summer of 1940 at 1,369,000,000 bushels, which is close to the reality, though that forecast was based on an assumption of "normal conditions."

The saying of World War days.

## Another 'Mystery Weapon' Myth

By DR. FRANK THONE

GERMANY'S alleged super-cannon, reported to be ready to shell London from the captured Channel coast, arouse less incredulity now than their ancestors that shelled Paris at 75-mile ranges did when they opened fire in 1918. A war-shocked world is ready to expect any horror from Germany now.

There is room for skepticism, however. Descriptions are so complete, down to details of caliber, length, angle of elevation, etc., that one suspects these pieces of having been forged by Herr Goebbels, rather than by Krupp's. Soldiers as a rule do not advertise their intentions in advance.

There is, however, nothing really incredible about the reported dimensions of the new guns, especially when one compares them with those of the long-range Paris guns of 22 years ago. The Paris guns were about 90 feet long for a caliber of about 8.3 inches; the new ones, said to have a length of 120 feet and a caliber of 11 inches, are fairly in proportion. It is quite within the bounds of probability that the Germans could build pieces of this size: the 918 model was half an improvisation, made by inserting a long inner tube into an existing 15-inch naval gun.

## DOUBTFUL RANGE

WHETHER the range has actually been pushed up to 135 miles, nearly doubling that of the Paris guns, is another question. It might be done, by greatly increasing the powder charge. That, of course, would certainly shorten the life of the gun through erosion. Gun steels may have been improved a great deal during the last couple of decades, but to stand the powder gas pressures and temperatures necessary to achieve the stated muzzle velocity of 6,000 feet a second (more than double that of a rifle bullet) the lining of such a gun would have to be made of the fabled adamant, not mere steel, however good.

The reported firing angle of 70 degrees is probably an error, too. Such an angle would actually shorten the range; greatest ranges with any guns can be achieved at angles between 45 and 50 degrees. The Paris gun fired at the latter elevation. A greater elevation obtains a steeper plunging fall at shorter range; 70 degrees is the angle for mortar fire, rather than for long-range rifle fire.

## WHAT PURPOSE?

Even allowing for possible exaggeration and inaccuracies, and supposing that the reported super-guns can actually drop their shells in London, what is to be gained by such bombardment?

The aim would be at the morale of the Britishers, rather than at any material target. The Paris guns of 1918 hit practically nothing of military value; nearly half the shells missed the city alto-

gether. At almost twice the range, the probable error would be not two, but four times as great. Bombardment of London would be essentially an indiscriminate and random affair, possibly an attempt to terrorize civilians, but hitting ships, docks, factories or railway stations only by chance if at all.

Projectiles from these guns would do far less harm than bombs that might be dropped from airplanes. The standard German 11-inch naval gun throws a 670-pound shell, and probably the super-long range guns would fire lighter shells in order to gain longer range.

If the Germans could maintain their present superiority in the air, or even increase it, there would be no need for long-range gun bombardments. Great fleets of raiding planes can roar out over the channel and reach London in a few minutes with loads of bombs each weighing five times as much as an 11-inch shell and containing 10 times as much TNT.

If, on the other hand, the Germans lose command of the air, it would be suicidal for them to set up such guns. No matter how well camouflaged, they would be located eventually by Allied scouting planes. And close on the heels of the scouts would come bombers with their burdens of demolition and death.

So all the logic of warfare is against the use of trans-channel artillery to shell London. Another "mystery weapon" myth blown up!

THE United States' wheat crop is forecast a little smaller than last year, totaling 489,000,000 bushels of winter wheat, 215,000,000 bushels of spring wheat, and a carry-over in July, 1940, of about 288,000,000 bushels.

Spain, which spent a grim winter, with some towns going two days at a time without bread, has another scant cupboard to look forward to. The wheat yield is forecast at 20 per cent below normal, due to scarcity of fertilizers, poor agricultural machinery and low acreage. Spain offers a preview of what other lands enduring war can expect.

## LIKES 'THE CANTEN'

To the Editor:—If The Canteen on Broad Street is typical of the S.A. canteens, I can now understand the volume of praise I remember hearing from the boys who came back in 1918.

The friendly, personal atmosphere is refreshingly different, and the services and comforts provided are a real credit to obviously efficient organization and management.

G.N.R. R. D. McNAB,  
K13128, C.A.S.F.

To burn or destroy a book is to destroy a part of the heritage of knowledge to which future generations are entitled.—American Library Association Committee preparing to combat book censorship.

NOT LOGICAL  
If the Germans could maintain their present superiority in the air, or even increase it, there would be no need for long-range gun bombardments. Great fleets of raiding planes can roar out over the channel and reach London in a few minutes with loads of bombs each weighing five times as much as an 11-inch shell and containing 10 times as much TNT.

If, on the other hand, the Germans lose command of the air, it would be suicidal for them to set up such guns. No matter how well camouflaged, they would be located eventually by Allied scouting planes. And close on the heels of the scouts would come bombers with their burdens of demolition and death.

So all the logic of warfare is against the use of trans-channel artillery to shell London. Another "mystery weapon" myth blown up!

## PRaise FOR DRILL TEAM

To the Editor:—Last week, during our annual Rose Festival, I had the pleasure of seeing the Victoria Girls' Drill Team perform. It was their excellent work that prompted me to write this letter. For I feel the people of Victoria should know what a grand piece of work this fine bunch of girls did for their city.

They certainly won a place in the hearts of the Portland people with their fine work. This is borne out by the tremendous applause given them after each performance at the stadium before a crowd of 30,000 each time.

I only wish it were possible to repeat all the wonderful comments made by the audience in the stands. I can assure you, however, that they are the finest drill team that has ever performed in the Rose Festival in the 18 years that I have had the pleasure of seeing this great spectacle, men's drill teams included.

I sincerely hope that the people of Victoria will see to it that this fine group are able to come again. You should be real proud of them. They sure did a real job of placing Victoria on the Portlanders' map.

GEO. BUTLER,

Silver Wedding Day  
Marked By Party

Mr. and Mrs. J. Mycock, Alderly Road, Royal Oak, celebrated their 25th wedding anniversary, Monday evening at McMorran's Pavilion, Cordova Bay. Mr. and Mrs. Mycock (nee Gladys Heal) were married by Rev. Hadlow in St. Michael's and All Angels Church, Royal Oak, on June 10, 1915. Their five sons, Walter, Wilfrid, Norman, Donald, Earle, and daughter, Doreen, also their grandson, David, were present at the celebration.

Among the many handsome gifts received was a set of community plate in Grosvenor design. Mrs. Mycock received the guests wearing a rose silk suit with white accessories and corsage bouquet of white gardenias. The supper table, beautifully decorated with silver vases of pink and white roses and pink snapdragons, was centred with a three-tiered wedding cake artistically iced by the bride's sister, Mrs. J. P. Merriman. Serving the guests were Mesdames Walter Mycock, W. J. Barker, B. Harford and J. P. Merriman. Mr. Charles E. King, uncle of the bride, proposed the toast to the bride and groom of 25 years ago. During the evening dancing was enjoyed.

The invited guests included Mrs. W. Heal, Mr. and Mrs. H. Brewster, Mr. and Mrs. G. E. Heal, Mr. and Mrs. S. Robbins, Mr. and Mrs. W. J. Barker, Mr. and Mrs. E. R. Heal and Renee, Mr. and Mrs. J. Oliver, Mr. and Mrs. Cliff Merriman and Sylvia, Mr. and Mrs. Turner, Mr. and Mrs. Earle C. Heal, Mr. and Mrs. T. Linter, Mr. and Mrs. Jim Barker, Mr. and Mrs. C. P. Merriman, Mr. and Mrs. Carl Grunow, Mr. and Mrs. H. Thomas, Mrs. Bessie Duval, Mrs. L. Exton, Mrs. C. G. Cunningham, Mr. and Mrs. Chuck Cunningham, Miss A. King, Mr. and Mrs. J. P. Merriman, Mr. and Mrs. W. Walshaw, Mr. and Mrs. E. Exton, Mr. and Mrs. J. Dunegan, Mr. and Mrs. J. Barker, Mr. and Mrs. Basil Harford, Mr. and Mrs. Ed Campbell, Mr. and Mrs. Hugh Campbell, Mr. and Mrs. Harry Simpson, Mr. and Mrs. R. Brydon, Mr. and Mrs. Ralph Marshall, Mr. and Mrs. Vic Heal and Leslie, Misses Elsie Granberg, Phyllis Heal, Kay and Olive Turner, Joyce and Barbara Heal, Ellen Merriman, Hazel Brewster, Ellen Smith, Ethel and Doris Oliver, Messrs. Adin J. Mycock, C. E. King, Bob Mycock, Dick Smith, Harry Koopel, Bill Stothers, Norman Gillon, L. M. Harford and J. Depew.

## WEDDINGS

## SCHMIDT-HALLEY

At St. Mark's Church, Salt Spring Island, yesterday afternoon Rev. C. H. Popham, united in marriage Katherine Alice Sheila, younger daughter of Mr. J. D. Halley and the late Mrs. Halley of "Sandal," North Salt Spring Island, to Mr. Oscar Schmidt, Vancouver, younger son of Mrs. O. Schmidt of Berne, Switzerland, and the late Mr. Schmidt.

White campanula and white peonies were used on the altar, and white heather tied with white satin ribbons marked the guest pews. Mrs. G. B. Young played the wedding music.

The bride wore a bouffant floor-length gown of heaven blue marquisette with Swiss lace inserts, with sweetheart neckline outlined with ruffles of the lace. The veil was a copy of a Schiaparelli model in matching blue net, flower adorned, and falling in cascade effect over the shoulders. She wore blue satin shoes, blue lace gloves and carried a shower bouquet of white and pink carnations, rapture rosebuds and white sweet peas.

Miss Betty Halley was her sister's bridesmaid in a bouffant frock of pale coral silk marquisette, appliqued with lace, a Watteau hat of matching flowers and net, and carried a bouquet of coral sweet peas and blue scabious. The best man was Mr. Harold Coffin of Vancouver. The ushers were Mr. Jack C. Smith of Victoria and Mr. Dick Baker of Ganges.

The reception was held at the home of the bride's aunt, Mrs. A. J. Smith, Ganges Harbor, where, with the bride's father, received the many guests on the lawn in a brown and beige crepe jacket dress, with hat of burnt wheat straw trimmed with flowers, and a corsage bouquet of Talisman roses.

Refreshments were served from a table centred with the three-tier wedding cake. The toast to the bride was proposed by Mr. L. H. Garnett, an old friend of the family, and responded to by the groom.

The young couple left for Victoria en route for a motor trip in the United States, the bride traveling in a dressmaker suit of teal blue wool with Preston sailor hat. They will make their home in West Vancouver on their return.

## Social and Personal Monterey P.T.A. Had Active Year

Dr. and Mrs. K. Kelly of Zebalos, who have been on a trip to Honolulu, returned to Victoria recently and left last night for their home up the west coast.

Mrs. Reginald R. Elliott of Vancouver and her baby son, who have been visiting in Victoria with Mrs. Elliott's mother, Mrs. S. A. Bantley, Fort Street, has returned home.

Mrs. Charles E. Wilson returned to her home in the Uplands yesterday afternoon after a month's visit in Seattle, where she has been the guest of Mrs. Thomas Bordeaux.

Mr. Bill Barrett of the staff of the Imperial Bank at Vancouver, has returned to the mainland after spending his summer vacation with his parents, Dr. and Mrs. W. T. Barrett, Rockland Avenue.

Mrs. Nicholas Burdick of Alberni, who is visiting her parents, Mr. and Mrs. Alexander Macdougall, Dallas Road, will return to her home up the island on Friday.

Miss Hazel Brown, daughter of Mr. and Mrs. E. T. Brown, Vancouver, whose marriage to Mr. Clifford J. Gaetz will take place in Vancouver shortly, came over to Victoria today on a short visit to her fiancé's parents, Mr. and Mrs. G. Gaetz, Forrest Street.

The Skitch Club met on Monday at the home of Mrs. A. E. Hodgins, Fairfield Road, where they sketched flower studies of the delphinium and scarlet roses and the arbutus trees and lawn. Tea was served to 25 members on the spacious veranda, where a beautiful view of the garden was enjoyed. Next Monday at 2 p.m. the members will take the Gorge street car to Tillamook Road, where the dog daisies in the field will be sketched.

At a luncheon given Monday at the home of Mr. and Mrs. John McCandless, Cochrane Street, Miss Helena Rose Cohen of Victoria announced her engagement to James Wellington Eldredge, only son of Mrs. Sarah Eldredge, Seattle. Cards attached to individual sweet pea corsages presented to guests on their arrival told the news, the wedding will be July 27. The bride-to-be is a graduate of the University of British Columbia. Mr. Eldredge graduated from the University of Washington in 1938. He is a member of the Olympic Riding Academy, Seattle, and is well known to Victoria riding circles.

Mrs. R. W. Mayhew, Beach Drive, entertained at luncheon on Monday afternoon the members of the Anne Wilson Auxiliary of First United Church. Following the luncheon the regular business meeting was held. A shower of toothbrushes, toothpaste, facecloths, soap and towels, which complete the hospital supply list, was a special feature of the afternoon. Plans were made to finish the quilt and to complete a layette immediately. Miss Florence Philmore delighted the group with piano selections and Mrs. R. H. McDougall presented a chapter of the study book, "The Christian Church in India." After a short worship service, the members adjourned to enjoy the lovely garden.

Monday afternoon Mrs. Fred Ewer entertained at a tea in honor of her mother, Mrs. Frank Morrison, who was celebrating her silver wedding anniversary. On her arrival Mrs. Morrison was presented with a lovely corsage of rose-pink carnations by Mrs. Les Raven. During the afternoon Mrs. Morrison was the recipient of many beautiful gifts including a handsome silver tea service from her son and daughter. Tea was served from a lace-covered table which was centred by a beautiful bride cake. Mrs. Les Raven assisted Mrs. Fred Ewer in serving. The guests included: Mrs. Frank Morrison, Mrs. Fred Ewer, Mrs. Jack Ewer, Mrs. Les Raven, Mrs. Brooke Vail, Mrs. James Rowan, Miss L. Rowan, Mrs. James Smith, Mrs. Charles Switzer, Mrs. Bert Adams, Mrs. Dave Essler and Mrs. John McCordle.

Mrs. Stanley Ralph, formerly Margaret McKinnon, was the guest of honor at a miscellaneous shower held on Monday evening at the home of Miss Peggy Webb, 3388 Tennyson Avenue. Upon her arrival the bride was presented with a corsage bouquet of sweet peas and carnations. The gifts were attractively arranged in a trunk decorated with orange blossoms and ferns. Games were played, the winners being Mrs. R. Ralph and Miss E. Humphrey. Refreshments were served later. Among those attending the shower were: Mesdames C. Rich, F. W. McKinnon, A. Robinson, R. Ralph, D. Ralph, R. Ralph, T. Ralph, W. Webb, Misses Mary Reynolds, Sylvia Smith, Janet Robinson, Iris Mills, Joan Holland, Doreen MacKereth, Evelyn Humphrey, Beryl Humphrey, Edith Harding, Lucy Harding, Hilda Ham, Hilda Webb, May Smith, Frances Hurlston, Doreen Pendray and Hilda Richardson.

Mr. and Mrs. A. S. Dyer celebrated the 25th anniversary of their wedding day last Saturday at their home, 2065 Carrick Street. Many friends called during the afternoon to tender their good wishes and congratulations to the host and hostess, who also received many beautiful flowers and other gifts. In the evening a number of relatives and friends were present and games were enjoyed. Refreshments were served from a table arranged with silver vases of sweet peas and swansonia, with tall white candles, and centred with the wedding cake, which was surmounted with the ornament from the bride's cake of 25 years ago. During the evening Mrs. D. J. McLennan presented Mr. and Mrs. Dyer with a silver tea service and tray, the joint gift of those present, including Mr. and Mrs. R. L. Cull, Mr. and Mrs. Cordally, Mr. and Mrs. J. M. Gelling, Mr. and Mrs. O. G. Hogg, Mr. and Mrs. Plaxton, Mr. and Mrs. W. Carter, Mr. and Mrs. J. Turner, Mr. and Mrs. A. Turner, Mrs. Johnston, Mrs. Albee, Mrs. Taylor, Mrs. Cooper, Misses Olive, Betty and Kathleen Turner, Mrs. R. Easton, Mr. Willis Turpin, Mr. Elmer Albee and Mr. W. McLennan.

At the end of 1939 there was a total of 2,732,374 cars and trucks produced in the United States and Canada with a value of \$2,315,314,650.

reaved members was much appreciated.

Mrs. E. G. Day, vice-president of the provincial federation, was present.

Mrs. Leeming reported plans by several provincial organizations under the leadership of the Provincial Parent-Teacher Federation to take steps to suppress the publication and sale of obnoxious literature. Committees have been formed in each P.T.A. to co-operate. Gifts were presented to Miss N. Creelman and Miss C. Murray with the best wishes of the association.

Plans are being completed for the tea being held at the home of Mrs. Coleridge H. T. Cole, 2031 Runnymede Avenue, on Wednesday, June 19. Brigadier-General J. G. Austin has kindly consented to open the affair.

Britannia Lodge No. 216, L.O.B.A., held its social meeting at the Orange Hall, Worthing, on Tuesday, June 11. Presiding, assisted by Deputy Mistress Mrs. C. S. Leask. A drill practice was called for Friday afternoon. Drill Captain Mrs. W. Bradley asked all officers to be present. Cards followed the short meeting, prizes being won by Mrs. F. Cook and Mrs. Redmund, first; Mrs. Walker and Mrs. Christianson, second; Mrs. Berry and Mrs. Hunter, consolation. Refreshments served by the social committee, Mrs. E. Burke and Mrs. R. Cook, brought the evening to a close.

During 1938 4,000,368 motor vehicles were produced in the world. Because of the unsettled condition abroad, these are the last reliable figures obtainable.

## Hitler Broke Treaty And Built Tanks

German tanks appeared on World War I battlefields, but they were more clumsy than those of the Allies. The Germans lost the war largely because they could not match the "moving forts" of the other side.

A British tank of the present war.

After the close of the war the Germans agreed in the peace treaty that they would not build any more tanks. Hitler seized power, however, and broke the terms of the peace treaty, one after another. Huge tanks were built for use by German soldiers.

Meanwhile the French and British carried out plans to build tanks. Some were light, some medium and some heavy. Many were made with "one-man tanks," but it was found that even a small tank needed at least two men, one to drive and the other to fire small cannon or machine guns.

The first World War tanks made a speed of only three or four miles per hour. They could cross trenches 10 feet wide, but they were extremely slow.

Since then steps have been taken to add to the speed of tanks. Some have wheels to use on smooth roadways and tractor treads for rough ground.

By the year 1930 some tanks could make a speed of 40 miles an hour over rough ground. Present-day speed is higher than that.

When Hitler struck across Holland, Belgium and northern France, he put a vast number of tanks into the battle. It was reported that 2,500 German tanks were taking part in the attack.

Many German tanks were so heavily armored that anti-tank guns could not halt them. As fast as they could the French brought their "75's" into action against the tanks, and these proved better able to cut through the armor. A "75" is a small cannon with a bore of 75 millimeters, or about three inches.

## HOROSCOPE

Thursday, June 13

Adverse planetary aspects dominate today. Superstition regarding the 13th may reappear as accidents and disappointments mark this date. It is most unwise to initiate. Beginnings of all sorts should be postponed.

Impatience may be prevalent under this way. In the household falls and injuries are likely to be numerous. Aged persons may be especially unfortunate. The stars are especially forbidding where romance is involved.

Leaders of vision and experience in the democracies will be needed as never before in history, the seers forecast. Pacifism will become the cloak for subversive teachings and movements of grave potentialities.

Battles of tremendous consequences are foreseen for the end of the month. Secret information of great importance will be received regarding plans of German war lords. A sudden move by Mussolini will cause consternation. Between the Italian dictator and the King of Italy there will be a serious conflict of opinion in which the Pope will support the King. August is read as a time of crisis for Italy and a change in Fascist ideology.

Persons whose birthdate it is have the augury of a year of uncertainty. Caution and tact in business as well as in social matters are recommended.

Children born on this day will be reliable, systematic and fond of detail. Many will succeed in science, especially in research work. These natives of Gemini will be highly intelligent.

## SHIRLEY

A card party sponsored by the Shirley Community Association was held last Wednesday evening in aid of the picnic fund. Five tables were in play. Prize winners were: Mrs. M. A. Clark, Miss W. Arden, W. J. Milligan and A. E. Clark; traveling prize, Mrs. W. J. Milligan, E. Banner Jr., K. Clark and C. Cross; tenbid, Mrs. E. Banner and Ronald Clark; Conveners were Mrs. J. E. Cross and G. Dixon.

Scientists are able to determine the age of meteorites by the radium they contain. Some of the stones appear to be 2,800,000 years old.

## THIS CURIOUS WORLD

By William Ferguson

ANSWER: In the far north. The name comes from Boreas, the North Wind.

## Dorothy Dix's Letter Box

DEAR DOROTHY DIX—We have a young daughter 12 years old. She is a nice-looking, robust girl with a bright, cheerful disposition. She is talented in her school work, but she simply cannot make friends. I have tried everything I know to assist her. Have encouraged her to bring her friends home. Have had parties for her, to which the children come, but they do not invite her back.

I would like to send her to camp, but she doesn't want to go. What complicates matters is that she is a child who must have someone to amuse her, which makes it rather difficult. Most adults like her enormously, but she just doesn't click with other children. She is a very unusual child, self-reliant, sweet and obliging, and her inability to get along with others is breaking my heart. Can you help me?

Answer: If grown people like your little daughter and children don't, it is probably because she is more mature mentally than they are, so they have nothing in common. They bore each other and youngsters are brutally frank about such matters. They don't take the trouble to cultivate a girl who does not play their games nor speak their speech, nor does she bother to try to adapt herself to them.

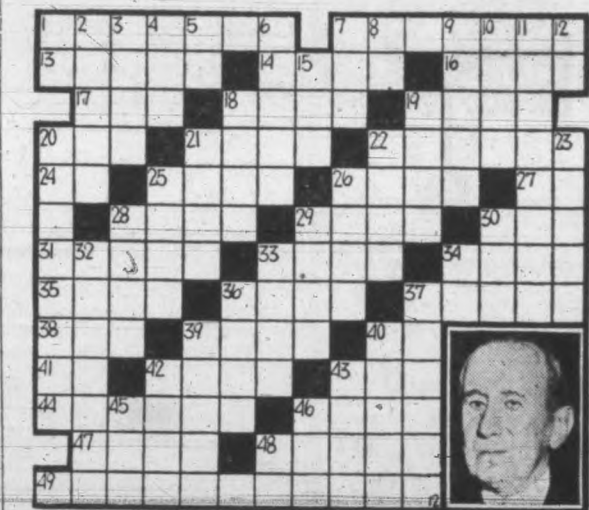

Also, if she is a girl who has always been entertained and amused by grown-ups, she finds the society of children of her own age flat and dull. They can't tell the interesting stories that Father can, nor do the thrilling things that Mother does to amuse her.

The best thing you can do is to send her to a camp, even if she doesn't want to go. She needs the enforced association of other children, and there are always so many outdoor activities that she is bound to get interested in something and be made to do teamwork with her companions.

But don't take your daughter's inability to make friends too seriously. There is every chance that she will outgrow it in a year or two. But the camp life will help.

DOROTHY DIX

## DRIVER BLAMELESS IN GARTRELL DEATH

A verdict of accidental death was brought in by a coroner's jury yesterday after investigating the death of William Gartrell, 79, a resident of Tacoma who died of injuries on Sunday afternoon following an accident with an automobile on Thursday morning.

Dr. E. L. McNiven, who attended Gartrell on Thursday morning, told the jury that the deceased suffered a superficial wound on the right side of the neck and paralysis of the right arm. Later, in the Royal Jubilee Hospital, he developed pneumonia of the lower right chest, and died.

Alfred E. Hopkins, an eye witness to the accident, testified he was standing on the northwest corner of Fisgard and Douglas streets at 10:30 on Thursday morning when he saw Gartrell walk across Douglas Street to the northeast corner toward Hudson's Bay Company store.

An automobile was driving

north on Douglas Street at about four miles an hour as if looking for a place to park. Gartrell, who was walking with his head down, walked into the rear of the automobile, losing his balance and falling onto the back mudguard of the car.

The jury, after hearing the evidence, retired for one minute and brought in a verdict of accidental death, absolving the driver of the automobile of all blame.

## B.C. GAS SALES 20% HIGHER

Gasoline sales in British Columbia during March were 20 per cent higher than a year ago, the Coal and Petroleum Products Control Board reported today in its monthly statistics.

Total distribution from bulk plants was 4,736,364 gallons, an increase of 330,405 gallons over February and of 829,920 over March of 1939.

Victoria consumed 544,459 gallons or 11.4 per cent of the total consumption. Vancouver and district took 2,710,248 gallons, or 56.9 per cent of the total and the balance of the province 1,511,657 gallons or 31.7 per cent. The increases were generally uniform in all districts.

Approximately one person in 500 in the United States is an Indian.

## Salvation Army To Help Win War

"Nothing will help our boys more to fight this war through on land, on sea and in the air—and they will fight it through to the finish—than to know that associated with them is the Salvation Army."

With this tribute, Captain Elmore Philpott closed an address to the executive and workers of the Salvation Army war and home service campaign now in progress in Greater Victoria, at a dinner meeting in Terry's last evening.

Favorable reports on preliminary canvassing were given by chairmen of the divisions. C. C. Simpson reported that the industrial division was sure to get its quota. H. Cuthbert Holmes said that canvassing in the business district was progressing. Mrs. J. W. Benning hoped to have the quota set for the residential district within a day or two. C. S. Henley reported that \$5,371 had already been received by the advanced gift division.

Captain Philpott was high in his praise for the Salvation Army which, he said, earned the esteem it holds in the world by the fact that it never quits.

"The war today is to see whether the new world is going to be brought into being by those who love peace or those who worship at the shrine of munitions and brutality. The side on which we stand in the war will win because we are on the side which follows the path of the Almighty," he declared.

"The career of the Salvation Army is definite and specific proof that you cannot lose if you put yourself on the right path and move forward."

Adjutant C. Watt of the Broad Street Citadel of the Salvation

## Today's Motor Tourists

Mr. and Mrs. W. Baker of Detroit, Mich., arrived in town this week to spend two months on the island. "After looking around your beautiful city a few days we'll be on our way to Campbell River country for some choice trout... we hope," Mr. Baker laughed. Vancouver Island is not new to Mr. and Mrs. Baker. This

work that had and was being done. He was optimistic that the \$20,000 objective would be passed by approximately \$7,000.

"That the response will be so great is because the Salvation Army has such a terrific appeal to the public, rich and poor," he said.

The chair was occupied by S. K. Campbell, campaign chairman.

is their fifth visit. Their license plate has a grey background with black numbers.

By silent vote the board honored the memory of the late George Jay, for a quarter of a century member of the City School Board. Prior to the vote Chairman P. E. George spoke of the late magistrate's contribution to the educational life of the city and called for messages of condolence to the bereaved family.

An invitation to attend the Margaret Jenkins School sports in the school grounds on Friday was accepted with thanks.

## B.C. Plane Spruce Made Available

The British Columbia government today took action to ensure that the province's stands of air-plane spruce will be made available to the Allies for the manufacture of planes.

Hon. John Hart, Minister of Finance, announced arrangements are being made with the Allied purchasing commission to waive existing rules so that stocks can be supplied.

The decision was announced following negotiations between the government and a representative of the British purchasing board.

It will make it possible for the purchasing agents to get control of existing stands of spruce and have them taken out on the best terms possible. Full details of the arrangement were not stated. It is probable plans will be worked out with pulp companies, who will take the lower grade spruce while select stock is kept for airplane use.

British Columbia has several stands of good spruce suitable for use in planes. Several firms are already at work taking it out, notably on the Queen Charlotte Islands.

## Magician Mystifies Kiwanis Members

Members of the Victoria Kiwanis Club were entertained by a series of sleight-of-hand tricks presented by William Harkness, president of the Canadian Society of Magicians, at the regular Kiwanis luncheon meeting held in the Empress Hotel yesterday.

Mr. Harkness mystified the Kiwanians in a half-hour display of card tricks, razor-blade eating, disappearing cane trick and disappearing egg trick, and was enthusiastically applauded by the audience.

A feature of the program was the appearance of Thomas Crabbe, baritone soloist, who sang "There'll Always Be an England" and "God Bless America." Kiwanian Brooke Stephenson, who introduced Mr. Crabbe, remarked on the good work which the young singer was doing in entertaining the troops, and urged other entertainers to donate their services to the entertainment of the fighting forces during these troublesome times.

Past President Austin I. Curtis and W. Hudson spoke briefly on the Saanich strawberry week and the Solarium hole-in-one contest, respectively, and asked the Kiwanis Club members to support these public projects.

A. W. Jones was introduced as a new member of the club by H. Curry.

The feature entertainer was introduced by D. McDiarmid and was thanked on behalf of the Kiwanians by Darrell W. Spence, who acted as chairman.

## School Board

### All Classrooms To Have Flags

Donation by the Kiwanis Club of Victoria of Union Jack cards, approximately two feet by four feet, bearing the inscription "One Life, One Fleet, One Flag, One Throne," to every classroom in every city school, was accepted with thanks by the City School Board last night.

Trustee W. A. Bayliss, representing the Kiwanis Club, stated his association wished to see the cards displayed in the schoolrooms to counteract any subversive influences to which the children might be exposed.

Some arrangement will be made whereby the flag cards are presented at a fitting ceremony.

The board is disinclined to approve the request of the Margaret Jenkins P.T.A. to cease inclusion of their students in the group attending Junior High School. The P.T.A. asked that the Margaret Jenkins students be given the right to continue through grades 7 and 8 without going to Central Junior High. Such a procedure would disrupt the junior high idea. George H. Deane, municipal inspector, reported. However, he said, special consideration would be given certain cases. Trustee Bayliss presented certain of the objections raised by the Margaret Jenkins body to the policy of sending students to the central institution.

By silent vote the board honored the memory of the late George Jay, for a quarter of a century member of the City School Board. Prior to the vote Chairman P. E. George spoke of the late magistrate's contribution to the educational life of the city and called for messages of condolence to the bereaved family.

An invitation to attend the Margaret Jenkins School sports in the school grounds on Friday was accepted with thanks.

Use of the Victoria West School for a concert in aid of the Canadian Red Cross was granted by the board which also approved a request for the use of Victoria College for examinations next month and for use by the Victoria Centre, Royal Astronomical Society on four nights during July and August.

Before the board agrees to permitting Victoria High School grounds to be used for training drills, as suggested by S. W. Norman Saunders, secretary of the Britannia Branch, Canadian Legion, it would like more information on the type of drills to be undertaken. However, the board is generally in favor of assisting in volunteer war work, and will consider such requests favorably. The issue was referred to the building and grounds committee for study with the municipal inspector.

The board referred to its successors in 1941 the Victoria and District Trades and Labor Council suggestion that budgetary provision be made for employment of another school dentist and an extra dental nurse.

Payments of \$3,873.78 in general accounts and \$475.36 in building and grounds accounts were approved on the recommendation of the finance committee, which reported net expenditures to date below those of last year, owing to increased receipts this year. At May 31 net expenditure was reported to be \$184,566 against \$189,574 last year.

The board referred to the educational committee and the municipal inspector the recommendation of the building and grounds committee that the Kingston Street one-roomed school be closed and children sent to nearby schools. Efficiency would be promoted if the class were sent to Beacon Hill, Mr. Deane reported, noting Kingston Street needed extensive repairs.

Progress reports were given by the building and grounds committee on the Burnside auditorium, Pemberton gym, and the heating plant at Bank Street. Improvements planned for Victoria West were sketched and tenders were called for painting and kalsomining. The board decided to ask the City Council for action on the South Park playground improvement project.

## Alberni Plan

### Ambulance Purchase

PORT ALBERNI (CP)—A drive for funds to purchase an ambulance for contribution to the Red Cross Society from the Alberni district on the west coast of Vancouver Island started today under the auspices of the Canadian Daughters' League, Assembly No. 32.

The ambulance committee is in charge of Mrs. P. E. Corbett. The mayors of Alberni and Port Alberni have given their approval of the campaign.

## PRAIRIE CROP PROSPECTS BETTER

OTTAWA (CP)—General improvement in crop prospects in the prairie provinces occurred during the past week as result of rains and cool weather, the Dominion Bureau of Statistics says in its third telegraphic report.

In northern Manitoba and in central and northern Saskatchewan, where moisture conditions were inadequate, rains brought relief to the crops at

many points. Further rains in those parts are needed.

At several points in central Saskatchewan moisture conditions are still very poor and crops are making little progress. Grasshopper outbreaks in southern Manitoba, southwestern Saskatchewan and southern Alberta are threatening serious damage.

Early wheat over the southern part of the prairies is stooling well. Coarse grain stands are not as satisfactory due to poor germination. Fields of fall rye are heading in central Manitoba.

An armadillo's armor, at birth, is soft and as flexible as leather.

## When LIFE Depends on TEETH!

**SAFETY FIRST!** The first rule in motoring and the first rule in choosing tires! That is why, the moment you think of new tires, you should see and examine Dunlop's great masterpiece of safety construction... Dunlop 'Fort'. Here is the only tire in the world with 2000 full depth teeth... over 5000 sharp edges to grip the road and give you silent traction and greater safety in every driving condition.

Teeth in Tires is patented by Dunlop and, with the famous 6-ply Cable-Lord Construction, makes Dunlop 'Fort' the greatest achievement since Dunlop invented the pneumatic tire.

PRICES THAT CHALLENGE COMPARISON In Every Price Range

Fit **DUNLOP** "THE WORLD'S FINEST TIRE"

Look at these teeth... 2000 of them... the greatest advance in tire safety in over fifty years.

**Little Miss Sunshine**

"You'd never guess how much I worried about my Susie," says Mrs. Ford. "Her system was sluggish and it dragged on her like a ball and chain!"

Anyone young or old—may have the "ball and chain" feeling that can result from too little bulk in the diet.

Post's Bran Flakes help to prevent "ball and chain" feeling. They provide natural bulk in the form of bran to keep food wastes moving promptly.

"Susie's a ray of sunshine now," says Mrs. Ford. "And who wouldn't be—with scrumptious Post's Bran Flakes for breakfast!" laughs Susie.

**Post's Bran Flakes**

HELP keep your family free from the effects of faulty elimination by serving Post's Bran Flakes regularly. They are so appetizing—so convenient. If this does not readily relieve constipation due to lack of bulk, it's time to consult a physician.

**Post's Bran Flakes**

## 25 Years Ago

June 12, 1915  
LONDON—"We are right in the midst of it again," writes a member of the Canadian Artillery in a letter received today, "though not so badly as previously. We have had little rest for six weeks."

ROME—With the Austrian cities of Monfalcone, Gradisca and Rovereto and hundreds of villages taken, the Italian drives against Trent and Trieste are proceeding successfully, with the Austrians becoming demoralized.

The latest list of casualties includes Corp. W. F. L. Pilkington, 20th Bn., killed; Pte. J. Buckley, Pte. C. J. Bailey, Pte. J. Carter, Pte. M. R. Nichols, Pte. E. H. Matthews, Pte. H. P. Rickard, Pte. W. Smith-Graham and Pte. Turpin, all of the 7th Bn., wounded. Pte. G. McPherson, 7th Bn., is suffering from shock.

A marriage took place at the Anglican Church, Comox, between Joseph Anderson, son of Wm. and Helen Anderson, and Miss Johanna McDonald, Lethbridge, Alta., niece of Mr. D. Ryan of Comox. Mr. and Mrs. Anderson are among the oldest residents of Comox, having been there about 40 years.

Since war has cut Europe's supplies of sacking from India, Philippine interests are striving to make strong cheap fibre from coconut husks for bags.

## 3 MENTIONED AS DEFENCE HEAD

OTTAWA (CP)—Whether the appointment of a new defence minister will be an isolated move or part of a general cabinet shuffle and enlargement was a matter for conjecture in parliamentary lobbies today. Selection of a successor to Hon. Norman M. Rogers as Minister of National Defence is one of the big decisions confronting Prime Minister Mackenzie King.

In speculation over a possible successor three names have received attention, those of Finance Minister Ralston, Air Minister Power and Major-General

## V.C. Winner Commands

EDMONTON (CP)—Winner of the Victoria Cross in the first Great War, Maj. Henry Strachan has been appointed to command a company of the South Alberta Regiment, Lieut.-Col. E. Brown, area commandant, announced here.

Major Strachan, born in Scotland 51 years ago, won the high military award for a valorous action with the Fort Gary Horse in an assault on Cambrai in 1917.

## Bombing Plane Donated

LONDON (CP)—Lord Beaverbrook, Minister of Aircraft Production, today announced a gift of £20,000 (\$89,000) by the Straits

## WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink. A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes these good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a catalyst but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Beware of cheap imitations.

## Sports Mirror

By PETE SALLAWAY

JOTTINGS from the turf doings in California: Battered and a little the worse, considering their experience since they left Hollywood Park late in April, the great horse Kayak II and the smashing little campaigner Mioland returned to California over the week-end.

Trainer Tom Smith still considers them the chief units of the C. S. Howard fleet and will attempt to bring Kayak II into form for the July 27 test against a great field of Hollywood Gold Cup aspirants. Owing to the present uncertain status of Kayak, it is considered better than an even money chance that Chaledon will reach the Pacific coast for the big race. Mioland, tattered and torn from the beating he underwent at Pimlico, may not be able to start in the \$25,000 derby on July 20.

Hero horse of last week was Carmentis, a California-bred filly, which not only encompassed the downfall of Weigh Anchor and Son of War, two colts of class, but ran fast enough to equal the seven-eighths course record, 1:23.35. This lass, not eligible for the derby, has two splendid stake opportunities, the \$10,000 Will Rogers' seven-eighth Saturday and the three-and-up Vanity Stakes, \$10,000, for fillies and mares, at one mile, later in the season.

Allesandro and Alsantoro bear similar names. A lot of turf fans have figured they were one and the same horse. Not so. Allesandro is a brother of Allegre, by the one-time Greenree Stable horse, Cantankerous, which has stood on Carleton Burke's ranch for almost 10 seasons. Alsantoro hails from the Cooper rancho, San Diego.

Through Johnny Longden's departure for New York to ride, he relinquished first place among the riders to Lester Bakaki. Longden was scheduled to return this week to start anew. Observers consider Johnny a standout for the riding championship of the current Hollywood meeting.

Henry Cotton speaks frankly and to the point on matters of golf, and he has frequently been concerned in small "incidents" in the form of protests about the behavior of spectators. He touched on this question of over-eagerness of spectators in a recent broadcast, pointing out how remarks from spectators can affect a player.

He cited the case of how one of his partners in a championship went to play a certain shot. "He'll never get up with that," said a nearby spectator as the player took an iron. Cotton said he was certain his partner heard the remark which had the effect of causing him to play a much higher shot than he normally would.

Perhaps the most interesting part of the feature was Cotton's chat about his best rounds. These, he thought, were what everybody described at the time as his brilliant efforts in the British Open at Sandwich in 1934.

He told of how concerned he was about his form before the tournament and how he practiced throughout the previous week, trying out no fewer than four sets of clubs.

Cotton, after that trying experience, undoubtedly ran into great form for he has seldom played better than he did that year. In the first qualifying round, he returned a 66, breaking the professional record for the course; had a first round proper of 67, the lowest first round score in the history of the contest, and did even better in the second round with a 65, the lowest ever in the championship.

## Tillicums to Meet Eagles

Eagles and Tillicum Athletics baseball teams will battle for the leadership in the Rithet Cup city championship race this evening when they meet at Athletic Park at 6.

All four senior outfits are tied at the present time.

Stan Davies will start on the hillcock for Eagles. This youngster has not been beaten this season. Manager Bill Bridgwood will do the receiving. Lloyd Cann or Louis Leonard will be starters on the hillcock for the Athletics, with Massa Kuwabara as catcher.

### MINOR GAMES' SCORES

In second division games played last night, Eagles, Cubs and Cedar Hill scored victories in league tussles, and held their top positions in the Humphrey Cup standings. At Oak Bay Park, Eagles handed Navy a 14 to 1 defeat. Scroggs, birdmen's heaver, had a fine night, allowing only two hits and beezing 13. Cedar Hill Athletics took the measure of Victoria Indians, 13 to 7 at Beacon Hill, while on the upper diamond at Beacon Hill, Tillicum Cubs beat Brown Bombers, 14 to 2.

## RICHMOND TURNS BACK BURRARDS

VANCOUVER (CP)—Richmond Farmers' pre-season statement they would make other teams step lively in the Inter-city Box Lacrosse League this year is beginning to come true.

Last night the Farmers ploughed the highly-rated Vancouver Burrards under a 17 to 9 score to move into second place with 10 points, four behind New Westminster Adanacs. Burrards dropped to third spot with nine points.

## Footballers Will Gather Tomorrow

Tomorrow night at the K. of C. Hall, Government Street, the players and officials of the Victoria and District Football League will gather for their annual get-together. The affair will be from 9 to 11, with Charlie Lewis, chairman of the committee, in charge. Players of the six league teams and Victoria United are invited to attend the affair. A buffet supper will be served.

## TO DISCUSS BOXLA REFS AT MEETING

The Greater Victoria Box Lacrosse Association will hold a special meeting tomorrow night at 8 in the Colonist boardroom, at which time the important referee questions will be discussed. Referees have been the topic of much debate in boxla circles since the start of the season. All club representatives are asked to attend.

### Softball Battles

## Longshoremen Win

Getting to pitcher Eddie Dempsey for a pair of runs in each of the fifth and seventh innings, Victoria Longshoremen squeezed through to a 4 to 3 victory over Cameron Lumber softballers at Athletic Park last night. The win entrenched the freight jugglers more firmly in first place.

Second game of the night saw Brunston's Veterans mark up their second win of the season at the expense of the Garrison at Victoria West Park, 12 to 3.

Although Camerons twice moved into the lead they were unable to halt Longshoremen. The lumbermen trotted out a strengthened line-up with Porky Andrews in the outfield and Bob McKean at third.

Camerons opened the scoring in the second when Andrews tripled to left field and scored on a wild pitch. They pushed home another run in the second. Dempsey was safe on an error by McKean's single, stole third and scored on an infield out.

### TIE SCORE

After being held scoreless for four innings, Longshoremen tied the score in the fifth. Hornsby doubled to left. Holness popped a hit over the infield, sending Hornsby to third. Holness stole second. Both scored on an infield hit with Camerons pulling them selves out of a bad hole with a smart double play.

Although Camerons loaded the sacks with nobody out in the fifth

**YOUNGSTER HOOKS BIG ONE**—"Buddy" Mesher, 12-year-old son of Mr. and Mrs. Albert Mesher of Victoria, who are at Klemtu Cannery for the fishing season, is pictured above posing with the monster 80-pound halibut which he caught recently in the waters close to the British Columbia fishing village. It was a real man-sized catch for such a lad. The photograph was taken by Robert Mayne, Amphion Street, Victoria, who is also at Klemtu for the fishing season.

### Detroit Threat

## Takes Second Place

Detroit Tigers are in the American League's fierce flag fight up to their necks today and show every sign of staying there.

The Tigers squeezed into second place in their league yesterday by overwhelming the world champion New York Yankees 6 to 1, while Boston Red Sox disposed of the threatening Cleveland Indians 9 to 2.

The Red Sox made seven hits off Bob Feller in five innings and presented him with his fourth defeat of the season.

Feller wasn't the only wonder to fall into the pit yesterday. Bucky Walters, who won nine games before he was beaten, was pounced upon by the Phillies 4 to 1 for his second straight setback. The defeat widened the distance between Cincinnati and the pace-making Brooklyn Dodgers, who were rained out.

One of the day's happiest occurrences was a four-hit pitching performance by Paul Dean in accounting for one half of New York Giants' double triumph over Chicago Cubs. Paul came up with a heart-stirring show for his first National League victory in two years, 3 to 1.

His successful start followed

close upon a five-hit shutout Bill Lohman pitched to beat the Cubs 4 to 0 in the first game. That twin killing lifted the Giants to a game and a half behind the Reds.

Vernon Kennedy, another battered veteran, landed rightside up as St. Louis Browns again whipped Washington Senators 5 to 2.

Chicago White Sox kept Washington from dropping to the cellar by edging out Philadelphia Athletics 5 to 4 in a night game.

### COAST LEAGUE

One wild pitch has put the Seattle Rainiers in a precarious position and enhanced Oakland's chance to regain top spot in the Coast League.

Not only did the one bad heave endanger Seattle's circuit lead but it meant the loss of first place in the pitching standings for Dick Barrett, Rainier moundsman.

In the ninth inning of the Seattle-San Diego game last night, Barrett hurled one that went awry and enabled a runner to score from third to give San Diego a 2 to 1 victory. Otherwise Barrett held the Padres to four hits and knocked in the Rainiers' only run.

A home run by Lou Stringer, Los Angeles second baseman, put an abrupt end to the Los Angeles San Francisco game. Los Angeles won 2 to 1 when Stringer broke up a pitcher's duel that had the game tied at one each as it went into the final inning.

Oakland moved within six percentage points of Seattle after downing Portland 7 to 2. Jack Salveson, Oakland pitcher, held Portland scoreless until the eighth inning while his mates collected a seven-run lead.

Hollywood won its seventh straight when it defeated Sacramento 5 to 4.

# Outsider Pont L' Eveque Captures English Derby

## Champion Wins In City Golf

First round of match play in the women's city golf championship at the Colwood Club yesterday saw the favorites advance although there was one surprise.

Peggy Hodgson, medalist, had a day of rest through having drawn a bye. Mrs. Art Dowell, defending champion, put out Mrs. A. O. Cooke, Gorge Vale, 3 and 1.

Miss Norah Wilson went to the sidelines when beaten 1 up by Miss Marcia Prior in the day's only upset. Miss Sutcliffe, runner-up in last year's championship, advanced when her opponent, Mrs. A. E. Williams, defaulted.

Results follow:  
Miss M. Prior defeated Miss N. Wilson, 1 up.  
Mrs. A. Dowell defeated Mrs. A. O. Cooke, 3 and 1.  
Miss M. Young defeated Miss I. Carey, 5 and 3.  
Miss M. Sutcliffe defeated Mrs. A. E. Williams by default.  
Mrs. W. P. Bowden defeated Mrs. C. N. High, 5 and 4.  
Miss J. Fletcher defeated Miss E. Todd, 6 and 5.  
Mrs. J. McIlraith defeated Mrs. C. J. Morgan, 8 and 6.

## Dempsey, Jacobs Bury Hatchet

NEW YORK (AP)—Jack Dempsey and Mike Jacobs, two fighters with a feud, are about ready to take the hatchet out of each other's neck and bury it.

As the first gesture toward the kiss-and-make-up scene, Jack was to trot out today to Carmel, N.Y., where Arturo Godoy is training for his return tussle with heavyweight champion Joe Louis, June 20, at Yankee Stadium. Dempsey will don ring togs, spar some and offer advice.

Little the business not only should attract attention to the Chilean, who went 15 rounds with the Bomber in February, but also may be Jack's first move toward a return to the ring in a series of exhibitions around the country. He's going to tangle with some one in Atlanta next month for charity, and, after that, his advisors, say, anything can happen.

### CHARGED MONOPOLY

Jack and "Uncle Mike" have been something less than Damon and Pythias in their associations recently. Jack has been criticizing Mike for "running boxing" by a "monopoly." Some months back, Jack announced the signing of Red Burman and Bob Pastor for a fight in Detroit. All Mike did was to offer Pastor more money to fight someone else at about the same date. The "cure" took.

Jack was interested in a couple of fighters, Burman and Bill Boyd. Each was given a shot under Mike's promotion in Madison Square Garden and the fistful faithful didn't go particularly wild over either. Dempsey wasn't pleased.

Now its plain that things have taken some kind of a turn. The word is around that both are ready to call the row off.

### Racing Results

HOLLYWOOD PARK—Results of horse racing here yesterday follow:

First race—Six furlongs:

## Tacomans Play Here Saturday

Victoria all-star baseballers will make their second start against imported diamond material from south of the border on Saturday, when they tackle Tacoma balltossers at Athletic Park in a double-bill program.

Boostered by a strong pitching staff this season, the cream of the senior baseball crop is playing good ball. Games will start at 2:30 and 6.

The Victorians have seen action four times this season. They ushered in the 1940 season by handling Bob Brown's boys from Vancouver a double defeat, and last week broke even in a twin-bill attraction with Bellingham.

Victoria Baseball Association officials were not able to release the team that will see action on Saturday today, but it will be strong, and one that should give the visitors stiff competition.

The Tacoma club is reported to be composed of first class material.

### LAWN BOWLING

Members of the Civil Service, men and women, celebrating the King's Birthday, are invited to join in a game of bowls (bowls will be provided) at the Burnside Club. The green fees will be donated to the Red Cross Society. Play will start at 2.

### REPLAY CUP-TIE SOCCER CARDED

Victoria United and Victoria West soccer elevens will make another attempt to decide the winners of the local series in the Dominion Cup campaign on Saturday, when they meet at 2:30 at Beacon Hill Park. The teams fought to a 2 to 2 draw last Saturday after overtime. The winner advances into the island final against Cumberland.

## STYLED for SUMMER

## DACK'S Sport Shoes

You get more for your money when you buy Dack Sport Shoes. More correct styling for summer smartness. More solid comfort for summer sports. More "mileage" that makes Dack's the thrifty buy. ## Around the Docks

## CLYDE BANFIELD JOINS AIRLINES

Clyde E. Banfield, ticket agent for the past three years with the Northern Pacific Railway and Black Ball Lines, has been appointed assistant to Wallace G. Courtney, city traffic agent for Trans-Canada Airlines, it is announced by J. W. Dalby, T.C.A. district traffic manager, Vancouver.

The appointment of Mr. Banfield becomes effective on Saturday.

## Pat Carroll Back

Patrick H. Carroll, 88, former employee of the Esquimalt and Nanaimo Railway, who on retirement in 1928, went to Oakland, Cal., to reside, was back in Victoria today en route to Adams, Mass.

Mr. Carroll entered the service of the E. and N. in 1891 as bridge builder, and shortly afterwards was placed in charge of the building bridge at the foot of Johnson Street in 1887.

When the old bridge was replaced by the present bascule bridge in 1922, Mr. Carroll was then made E. and N. station constable, which post he held until his retirement. Mr. Carroll is looking up old friends while in the city. He is accompanied by his daughter, Mrs. W. Burris, and is travelling east to visit another daughter.

## New Service Named

Pacific Republics Line is the title of the new steamship service to be operated by the Moore-McCormack Lines between the west coast of the United States and Canada and Central and South America, Balfour, Guthrie and Co., B.C. agents, have been advised.

The principal ports of call will be Vancouver, Seattle, Portland, San Francisco and Los Angeles, monthly sailings being operated for the present.

In addition to the freighters City of Flint, the vessel which figured in the Athenian rescue and subsequently was captured by the

German; Collamer and Independence Hall, two C2 ships will be assigned to the service.

## Want Travel Simplified

SEATTLE (AP)—Seattle Chamber of Commerce trustees urged by resolution yesterday simplified restrictions on travel of citizens between Canada and the United States.

"We believe," said the resolution, "in the interests of good will and reciprocity that we should follow Canada's policy of making it as simple and inexpensive as possible to travel between Canada and the United States."

## Excursion Tomorrow

Ss. Princess Alice of the Canadian Pacific fleet will carry an all-day marine excursion from Victoria to Vancouver tomorrow. She will take out a large list of excursionists.

On Friday the same steamer will take an afternoon excursion to the Gulf Islands.

## Hie Maru Coming

Coming here from the Orient, the Hie Maru of the Nippon Yusen Kaisha is expected at William Head June 21. It was stated today by Harry Douglas, general agent for the Great Northern Railway.

Ms. Hikawa Maru, outbound from Vancouver, passed here late yesterday for Japan.

Among the Hikawa's passengers was Miss Betty McClelland, daughter of P. A. McClelland, N.Y.K. passenger agent at Seattle, bound to Yokohama to visit his uncle.

## Safety in Mexico

MEXICO CITY (AP)—Five Italian tankers lay at anchor in the shelter of Mexican ports today while five other Italian vessels, presumably heading for the safety of neutral waters, were reported off the coast.

LONDON (AP)—The Postmaster General announced today that the Empire air mail services have been temporarily suspended.

Principal routes affected provide connections with Malta, Egypt, Palestine, Iraq, India, Ceylon, Burma, Hongkong, Malaya, Australia, New Zealand, The Sudan, East Africa and South Africa.

## C.P.R. Excursions

Special railway tickets, honored in day coaches only, for travel over Canadian Pacific lines to stations on the main line as far as Field, through the Okanagan Valley and to stations on the Kettle Valley division between Hope and Penticton, will be sold by the C.P.R. on June 21.

Available to residents of Victoria, Nanaimo, Vancouver and New Westminster, tickets to main line and Okanagan points will be good on train leaving the Vancouver depot at 10 a.m. or 7.15 p.m. For Kettle Valley station passengers will leave on the 8.05 p.m. train, June 21.

The return limit is good to leave destination not later than June 24.

## Crowd Docks

Tourist automobiles congested the runways at the Canadian Pacific docks this morning prior to the sailing of the ferry Iroquois for Port Angeles and Seattle.

While the majority of the passengers belonged to American tourists returning to the United States after vacationing on Vancouver Island, quite a number were owned by Canadians, presumably taking their holidays ahead of schedule, because of the new passport regulations which become effective July 1.

Of the 35 automobiles going out on the Iroquois this morning, 28 were owned by Americans and nine carried Canadian license plates.

There has been a slightly increased movement of Canadian tourists from here to the United States since the passport ruling was announced last week, state ferry officials, and the volume is expected to show marked increase before the month expires.

The movement will be much greater by the end of the week when the summer ferry service of the Black Ball Lines starts.

Despite rumors to the contrary, the regulation requiring all Canadians to have properly-issued passports on entering the United States will go into effect on July 1, according to American consular and immigration officials.

## Ark on Mudbank

Meeting with the first mishap since she grounded off Seattle shortly after setting out from Tacoma on her voyage to Alaska, the unwieldy Ark of Juneau, with Paul Satko and his family of eight aboard, late yesterday was perched high and dry on a mudbank outside Prince Rupert harbor, according to advices from the northern B.C. port.

The vessel was expected to float at high tide and proceed on her voyage to Ketchikan.

Fishermen familiar with the northern waters said there was nothing unusual or dangerous about the Ark's predicament, which was caused by the tide leaving her stranded on Metlakatla Bar as she attempted to cross into Chatham Strait.

Satko, unemployed Richmond, Va., mechanic, chugged out of Prince Rupert harbor in a driving rain early yesterday bound for the north end of Dundas Island, 35 miles northward. He had planned on anchoring there overnight and then proceed to Ketchikan, 85 miles distant.

## Foreign Exchange

NEW YORK (CP)—Foreign Exchange rate follows (Great Britain in dollars, others in cents). Official Canadian Control Board rates for U.S. dollars: Buying 10 per cent premium, selling 11 per cent premium on Canadian dollars in New York of buying 9.91 per cent, selling 9.09 per cent.

Canadian dollar in New York open market 21 1/2 per cent discount, 78.50 U.S. cents.

Great Britain, demand unquoted; Cables 3.77; 60-day unquoted, 90-day unquoted, France 2.17.

Canadian dollar in New York open market 21 1/2 per cent discount, 78.50 U.S. cents.

## Wheat

WINNIPEG (CP)—Moderate hedging pressure proved sufficient to clip more than a cent from wheat futures prices on Winnipeg Grain Exchange today. Buyers showed little inclination to enter the market and at the close quotations were 1 1/2 to 1 3/4 cents lower. July at 73 1/2, October 78 1/2 and December 78 1/2.

Mills were credited with minor support at times and southern interests were on both sides of the market in connection with operations between Winnipeg and Chicago, but apart from these minor transactions trading was thin.

Shippers and exporters again displayed moderate interest in No. 1 northern in the cash market while mills bought small quantities of the lower grades.

In the coarse grain pit, milling interests offered some support in oats and there was a suggestion of outside interest in rye. Prices were slightly higher for oats and rye but a little lower for flax and barley.

Western farmers delivered 320,000 bushels of wheat to country elevators yesterday against 152,000 unloaded on the same day a year ago.

Canadian issues fared well. Domes and Distillers Seagrain were up 1/2, Walker 1/2 and Canadian Pacific, McIntyre and Lake Shore smaller fractions. In the bond market Canada 4s. were unquoted.

## 4 to 9-point Gains

NEW YORK (AP)—Stocks climbed as much as four to nine points today as Wall Street saw hope for the defence of Paris and prospects of long-range improvement in American industry.

A buying wave, sparked by the entrance of ready cash into the market, shoved transactions across the floor of the exchange faster than the tickers could record them during the morning.

The impetus gave the session a total of about 1,500,000 shares exchanged.

Such war stocks as steels, aircrafts, chemicals and motors remained in the vanguard throughout the session. Brokers said they believed the armament program of the United States was resulting in a speed-up of industry.

Among the best of the leaders were U.S. Steel, Bethlehem, Inland, Douglas, Wright Aeronautical, Glenn Martin, Westinghouse, Dupont, Johns-Manville, American Smelting, Phelps Dodge, American Telephone, Western Steel Car, Norfolk and Western, Santa Fe, New York Central, American Woolen and Phillips Petroleum.

Canadian issues fared well. Domes and Distillers Seagrain were up 1/2, Walker 1/2 and Canadian Pacific, McIntyre and Lake Shore smaller fractions. In the bond market Canada 4s. were unquoted.

## TOWN TOPICS

Louie On, 2026 Blanshard Street, reported to the police his house was entered Monday night and \$10 and a wrist watch were stolen.

Bank clearings in the city for the week ending today were \$1,540,588, in comparison with \$1,699,493, Victoria Clearing House reports.

George Exton, 3253 Doncaster Drive, reported to police an auto driven by a soldier on Gorge Road last night struck his parked car, damaging a fender.

Reeve A. G. Langbrick was re-elected Saanich's representative to the board of directors of the Jubilee Hospital at last night's meeting of the council.

Jack Edwards, 3270 Douglas Street, reported to city police his car, a 1926 Nash blue sedan, was stolen from the rear of the Atlas Theatre last night between 8 and 11.30.

A purse containing \$20, five cheques, keys, bankbook and papers, was stolen from Mrs. I. MacAskill yesterday from a Douglas Street store, city police were informed.

Premier Pattullo will speak over the CBC network tomorrow afternoon at 3, officials at the Legislative Buildings were advised today from Montreal where he is on government business.

Mrs. E. Leckie, 28 San Jose Avenue, registered a complaint with police that some damage was done to new cement at the house she is having built. Initials and figures were written in the wet mixture.

Russell Payne, 1142 Old Esquimalt Road, came to the police station at 1225 last night suffering from an injured hand, caused by a spill from his bicycle on Johnson Street near the bridge. He was taken to Jubilee Hospital by Constable Tommy Bannister.

A member of the Victoria Police Force for 18 years, Constable James Strong, was granted leave of absence yesterday by Chief J. A. McLellan to join the army for overseas service. Constable Strong served overseas in the war of 1914-18 in the 21st Battery.

Thursday being observed as the King's birthday, post office service will be restricted and will be as follows: Post office windows will be open until 12 noon. All mails due to be dispatched will be made up as usual. Morning letter carrier deliveries only will be made. Rural mail deliveries will be as usual.

The Real Estate Board of Victoria will hold a luncheon meeting at Spencer's, Friday, at 12.30. J. B. Munro, Deputy Minister of Agriculture, will speak on "Saanich Small Farms." Saanich strawberries will be served at the luncheon. The president of the association requests that members will honor the King's birthday by closing Thursday.

## Pledge Loyalty

Alarmed at Italy's plunge into war on the side of Germany, Italian residents of Victoria gathered last night and formed a Canadian-Italian War Vigilance Association, pledging themselves to uphold Canada's part in the war and do everything possible to advance this country's war effort. Joseph Balagno, pioneer Italian resident of Vancouver Island, was elected president, with Edward Rainaldi as vice-president and Matthew D'Iorio, secretary. Mr. D'Iorio moved and Angelo Lorinde seconded the motion which led to the formation of the society, the first of its kind in Victoria in many years.

## TELL TOURISTS about TERRY'S

It's both a privilege and a duty to give our visitors helpful information—and one of the most helpful things you can do for them is to tell them about Terry's—Victoria's famous Dept. Drug Store. Refreshment at any hour of the day or night. Afternoon teas or complete meals. And, of course, Kodak Service, Snacks, Sweets and Professional Prescription Service.

## With the Forces

## Scottish Press For More Recruits

Canadian Scottish have opened a recruiting office at 1234 Government Street as part of their drive to bring the unit up to war strength.

The regiment wants men between 19 and 35 years old in A category for overseas service.

While providing the up-town office for the convenience of recruits the regiment has also arranged for its pipe band to parade daily through the streets, showing the smartness of the unit.

An officer will be on hand at the recruiting station daily from 9 to 6 to interview recruits.

Arrangements have been made so that they can immediately take medical tests at the Armouries and go right into training.

Recruiting officers stressed again today that the Scottish is anxious to fill its ranks from Vancouver Island. Some 500 men are needed.

The second recruiting centre for the regiment is at Nanaimo. Men from Duncan, Ladysmith, Chemainus and the Upper Island may be attested there. Those from Saanich, Metchosin, Sooke and nearby areas can come to Victoria.

The advance party of the Victoria unit of the Veterans' Home Guard went into camp at Otter Point yesterday to prepare for training. Two officers and 18 men made up the first group.

By the end of next week Capt. R. B. Longridge, commander of 11 B. company of the guard, expects to complete Victoria's complement of 65 veterans. Next Tuesday he will start recruiting Nanaimo's allotment of 30 men and 15 from Duncan and the Gulf Islands.

## LEGION HELPS

Canadian Legion branches have been assisting in the formation of the veterans' guard and have taken steps to organize the ex-service men who wish to take part. The North Saanich branch, at a meeting this week, passed a resolution calling for the registration of all veterans in the district willing to serve. Registrations will be taken by Maurice Atkins at Brentwood Bay, Capt. Nat Gray at Saanichton, E. I. Jones at Patricia Bay, and H. E. Kennedy at Sidney.

The Britannia Branch of the Legion is going ahead with plans to form a veterans' training corps as a means of helping the military authorities to use ex-servicemen. A circular letter is being sent to all members to be filled out. A committee was named to work out the scheme, as follows: L. G. Scott, chairman; L. Glazan, C. F. Dawson, W. G. Stone, J. Cleator, R. Knight and H. Pearson, secretary.

Twenty-four years ago, your old battalion was dispersed across Ypres salient doing a bit here and a bit there, with everyone doing his bit. The good old days of plum and apple, Belgic Hop, Brew, Vin Rouge and their memories. That is the way J. C. Rivers, president of the 1st Canadian Pioneers' Club addresses old comrades in announcing the annual reunion next Saturday. The pioneers will hold an informal stag picnic at the country home of W. Winkel, McTavish Road. Cars will leave the rendezvous at the City Hall, and the corner of Admirals and Esquimalt Roads at 3 in the afternoon.

According to word received in Victoria today Hon. C. D. Howe, Minister of Munitions and Supply, has called on ex-servicemen and all others owning binoculars to aid the war effort by offering them to the nearest military district headquarters at once to avert a shortage of such equipment in the Canadian Active Service Force.

Binoculars accepted will be given a fair valuation and the owners informed of the price the National Defence Department is prepared to pay for them. Pressing need is for prismatic binoculars of military pattern with or without artillery graduations, but preferably with individual focussing eye-pieces.

## Saanich Satisfied With War Effort

A vote of confidence in the Liberal government's war effort and of regret in the tragic death of Hon. Norman Rogers was passed at a meeting of the Saanich Liberal Association on Monday night.

The following telegram was sent to Prime Minister W. L. Mackenzie King:

"Canada's war effort, as undertaken by our government under your leadership, commands the complete accord and future confidence of the Saanich Liberal Association. We feel that the nation has suffered a grave loss in the passing of the late Minister of National Defence, Hon. Norman Rogers."

## Obituaries

BURICK—The funeral of Peter Burick, Great War veteran, will be held tomorrow afternoon at 2.30 from the S. J. Curry & Son Funeral Home. Rev. C. D. Clarke will officiate; interment at Royal Oak.

PARISH—Funeral services for Mrs. Emily Parish of 632 Montreal Street, will be held tomorrow afternoon at 2 from the S. J. Curry & Son Funeral Home. Rev. P. C. Hayman will officiate; interment at Royal Oak.

JACKSON—Many friends attended the funeral of Frederick A. Jackson held yesterday afternoon from Hayward's B.C. Funeral Chapel. Rev. Canon F. A. P. Chadwick officiated. Pallbearers: F. A. Gowen, W. L. B. Young, Charles R. Bishop, W. H. Bland, A. M. McAlay and G. Unwin. Interment was at Ross Bay.

KIRK—Funeral services will be held at the S. J. Curry and Son Funeral Home tomorrow morning at 10.30 for Arthur Kirk, 46, who died Sunday at the Royal Jubilee Hospital after a long illness. He was born in England and served with the Imperial forces in the Great War, coming here eight months ago from Vancouver. He leaves one brother and five sisters in England. Rev. O. L. Jull will officiate; interment at Colwood.

WILLSHIRE—The death occurred in Vancouver yesterday of Ernest Albert Willschire, age 62 years. Born in Ashford, Kent, England, he had been a resident of Victoria many years, before leaving for Vancouver in 1917, being connected with the real estate and insurance firm of Richard Hall, Government Street. Mr. Willschire is survived by his widow and one son in Vancouver, and one brother and two sisters in England. The remains will arrive in Victoria Friday morning to rest at the Sands Mortuary, where services will be conducted Saturday afternoon at 3.30 by Canon F. A. P. Chadwick; interment in Ross Bay Cemetery.

VANCOUVER (CP)—Ernest T. Brun, 71, Vancouver accountant and former secretary of the Independent Order of Foresters for British Columbia, was buried here today. He had been a Vancouver resident since 1910.

## Crowd to Honor Strawberry Queen

Large crowds are expected on the streets of the city and at Parliament Square this evening when Queen Marjorie Wood of Saanich Strawberry Week will head a procession through town for her coronation at the steps of the Parliament Buildings.

There will be Saanich and Victoria sections in the parade. The Saanich contingent will leave Royal Oak at 8. A half-hour later it will meet the Victoria section at Yates and Cook Streets and the procession will proceed down Yates to Douglas Street, down Douglas to Belleville Street to the Parliament Buildings.

The coronation ceremony will start at 9. Hon. Norman W. Whitaker, M.P.P., will place the crown on Queen Marjorie's head. The Victoria Girls' Drill Team will be guard of honor. Queen Marjorie's attendants will be Miss Norma Poulsen and Miss Florence Edwards.

The Parliament Buildings will be lighted and spotlights will be played on the queen's throne. Colored lights in town will be turned on.

## \$130 IN FINES

Fines amounting to \$130, mostly from traffic infractions, were imposed in the City Police Court this morning by Magistrate H. C. Hall.

Five motorists were fined \$10 each for exceeding the speed limit, and another the same amount for speeding through a school zone. For failing to be in possession of a driver's license, two drivers were fined \$5 each. Three motorists caught parking over the hour contributed \$7.50, while two night-parkers were fined \$2.50 each.

Miss Mary Lou Ross pleaded guilty to a charge of dangerous driving and was fined \$25. The charge arose out of an accident Miss Ross was involved in early morning on June 2 on Oak Bay Avenue. Miss Ross was also fined \$5 for not having a driver's license.

James Moraes, who pleaded guilty to a charge of being in possession of stolen property, was dealt with leniently when he appeared in City Police Court this morning for judgment. He was sentenced to six days from date of arrest by Magistrate Hall. Moraes appeared in court in army uniform. The magistrate said he was glad accused had decided to mend his ways and was now serving his country.

## City Hall Briefs

## Sees Premier On War Grant

Mayor Andrew McGavin is seeking an interview with Prime Minister W. L. Mackenzie King to see how best Victoria could spend \$10,000 in Canada's war effort, according to a telegram from the mayor, at present in Ottawa, received today at the City Hall.

"Arranging with R. W. Mayhew, M.P., to meet Prime Minister on 12th or 13th if possible and find out the most effective way of spending \$10,000 for Canada's war effort. Why all this rush?" the telegram read, apparently referring to a telegram received from the City Council on the matter.

Although the City Hall will be closed tomorrow in observance of the proclaimed King's Birthday holiday, the public works committee and water board are expected to meet with a bridge expert of the Canadian Pacific Railway, scheduled to arrive here from eastern Canada. The meeting has been arranged to discuss additional safety devices for Johnson Street bridge, where an accident occurred late last year as the result of a car entering the bridge and remaining on it as it was raised. The holiday was proclaimed by Acting Mayor R. A. C. Dewar.

RECORD PROPERTY SALE—The volume of property sold during April in the city was greater than that disposed of in any month on record in the last 11 years at least, figures compiled today by the assessor-collector's department disclosed.

In all 125 parcels were sold for a total of \$167,155. That value compared favorably with the \$147,427 listed for March and the \$110,065 in April of last year. Sales from the beginning of the year to April 30 aggregated \$580,792.

During April 58 parcels worth \$164,045 entered new hands through transfers. Another 26, worth \$76,510, changed ownership through wills, raising the aggregate monthly value of sales and exchanges to \$407,710.

Attention of Victoria's citizens generally was directed today by Parks Superintendent Herb Warren to the attractiveness of the rose gardens at Beacon Hill. The

# CLASSIFIED ADVERTISING TELEPHONES—E4175, E4176

## Victoria Daily Times

MEMBER ADVERTISING BUREAU CIRCULATION

**ADVERTISING TELEPHONES**  
 Advertising Department..... Empire 4175  
 Circulation Department..... Empire 4176  
 News Editor and Reporter..... Empire 4177  
 Editor..... Empire 4178

### CLASSIFIED ADVERTISING RATES

Per word per insertion.  
 Minimum charge, 25c.

Births, \$1.00 per insertion.  
 Marriages, \$1.50 per insertion.  
 Deaths, \$1.50 first insertion and \$1.00 succeeding insertions.  
 Funeral notices, in Memorial edition and Card of Thanks, \$1.50 per insertion.

In computing the number of words in an advertisement, count five words for the first two lines and seven words for each line thereafter. This is not an absolute rule, but a guide to the number of lines, much depending on the length of the individual words.

The Times will not be responsible for more than one incorrect insertion of an advertisement ordered for more than one issue. Any claim for rebate on account of errors or omissions must be made within 30 days from the date of the error, otherwise the claim will not be allowed.

Advertisers who desire it may have replies addressed to a box at the Times office, and "forwarded" to them, private address. A charge of 10c is made for this service.

Subscribers wishing their addresses changed should notify this office as well as the carrier. If your Times is missing phone E4175 before 7 p.m., and a copy will be sent by special messenger.

### BOX REPLIES AVAILABLE

Letters addressed to the following boxes are available at the Times Office on presentation of box letters. Maximum results are obtained by advertisers who follow up replies promptly.

### Announcements

**DIED**  
 WILLIAM—There passed away in Vancouver Tuesday, June 11, Ernest Albert William, age 62 years, born in London, Kent, England, and a resident of Victoria many years before leaving for Vancouver in 1917. He was survived by his wife and one son of Vancouver, one brother and two sisters in England.

The remains will arrive in Victoria Friday morning and will rest at the Sands Mortuary Ltd., where services will be conducted Saturday morning at 10 a.m. at the funeral home, 1111-1113, where the funeral will be held at 11 a.m. in the family plot in Rose Bay Cemetery.

**BURICK**—Suddenly in this city, there passed away June 11, at his residence, 405 Yates Street, Peter Burick, 51 years of age, who was 51 years of age, had resided in this city for the past 20 years. He was a veteran of the Great War, having served with the 10th Battalion, Canadian Infantry, and was a member of the Victoria Branch of the Royal Canadian Mounted Police. He was survived by his wife, Mrs. Burick, and two children, Philip and David, both of whom are in the military service.

**PARISH**—At her residence, 832 Montreal Street, there passed away Emily Parish, at the age of 74 years. The late Mrs. Parish was born at Monmouth, Gloucestershire, England, and moved to this city 28 years ago from London, England. Funeral services will be conducted Thursday morning at 10 a.m. from the parlors of the S. J. Curry & Son Funeral Home, Rev. P. C. Hayman will officiate and interment will take place in the Royal Oak Burial Park.

**KIRK**—After a lengthy illness, there passed away Sunday, June 10, at the Royal Jubilee Hospital, Arthur Kirk, aged 46 years. The late Mr. Kirk, who was an Imperial veteran, was born in England, and came to this city 15 years ago from Vancouver. He is survived by one brother and five sisters in England. Funeral services will be conducted Thursday morning at 10 a.m. from the parlors of the S. J. Curry & Son Funeral Home, Rev. P. C. Hayman will officiate and interment will take place in the Colwood Burial Park.

**RISTEN**—Passed away in this city June 10, Mrs. Annie Risten, beloved wife of Mr. Charles W. Risten. The late Mrs. Risten was born in County Durham, Ont., January 26, 1880. For many years the family resided in Winnipeg before coming to Victoria 15 years ago. She resided at 1312 Clover Avenue. Mrs. Risten was a member of the Metropolitan United Church. She is survived by her husband, two sons, Mrs. Risten's daughter, Mrs. W. White of Passmore, B.C., one son, John, who is a member of the Victoria Police Force, and a daughter, Mrs. Risten, who is a member of the Victoria Police Force. Funeral services will be conducted Friday afternoon at 2 p.m. from the parlors of the S. J. Curry & Son Funeral Home, Rev. P. C. Hayman will officiate and interment will take place in the Colwood Burial Park.

### Conn and Pastor Will Fight Aug. 13

NEW YORK (AP)—Bob Pastor, New York heavyweight, and Billy Conn of Pittsburgh, the light-heavyweight champion, today were signed for a 15-round fight at the Polo Grounds here, August 13, Mike Jacobs of the 20th Century Sporting Club, announced.

It is believed there is an understanding that the winner will be in the fall.

Codfish are used as a medium of exchange in Iceland.

### DRUGGISTS TO SELL MEDICINE 3 DAYS AT 25c

Everyone May Buy; Cunningham Drug Store Prepares for Crowds Friday and Saturday.

If you were told that you could have a liberal size bottle of high-quality medicine for 25c it would sound unbelievable, wouldn't it? Yet this is true and such an offer is being made here in Victoria tomorrow, Friday and Saturday by the Cunningham Drug Store.

#### Why Offer Is Made

This offer is made because we believe anyone who suffers should have the chance to try a medicine at small cost to see if it will help them before they buy it at full price and because we believe many sufferers in Victoria and vicinity need the medicine we offer.

The medicine referred to is a new, scientific formula of 15 roots and herbs blended with five other splendid medicinal agents, known as Mosby's Tonic, which has helped so many Victoria people. Therefore, we offer each person a liberal introductory bottle for 25c because we believe those who are benefitted will keep on using it. The regular large-sized price of this medicine is \$1.35. Therefore, the 25c offer is good tomorrow, Friday and Saturday ONLY.

#### What It Will Do

Mosby's Tonic will cleanse your bowels (gradually—not drastic or severe) and tone them into better daily action.

It will bring out gases and impurities (frequently from the intestines) which may have been the real cause all along of your gas pains, sourness and stomach distress.

Mosby's Tonic will help Nature relieve indigestion, difficult breathing due to gassy stomach, dyspepsia, and pain in chest due to stomach gas.

It will give you a new appetite, a real desire for food.

Mosby's Tonic will act as a diuretic to sluggish kidneys, thus relieving backache, sharp pains and nighting caused by your weak, sluggish kidneys.

It will help clear up skin eruptions that are caused by the impurities in the organs, thus avoiding the sallowness ("muddy complexion") that is due to sluggish liver.

By removing accumulations of poisons from the kidneys and bloodstream, it helps relieve rheumatism and neuralgia pains.

Mosby's Tonic will make your STOMACH, LIVER, KIDNEYS and BOWELS more active, build you up in general and make you FEEL like a different MAN or WOMAN.

Now, whether or not it will help you as it has thousands of others—whether it will relieve your suffering in a day or a week—remains to be seen. But owing to the proven merit of this medicine, it would be in your own interest to try it for only 25c. This offer holds good Thursday, Friday and Saturday ONLY. Simply clip coupon below and bring it to the store below:

Coupon and only 25c

(Residents outside of Victoria may send this coupon with 35c—stamps or coin—to Cunningham Drug Store, Fort and Douglas Sts., Victoria, B.C., and medicine will be shipped prepaid.)

### Bill Newcombe Is New Golf Champ

In the United Commercial Travelers' golf tournament held at the Colwood Club over the weekend W. H. (Bill) Newcombe was the winner of Our Own Brand Cup with a gross score of 74, which his handicap reduced to a net 68.

Bernie Schwengers was runner-up with a net 69. Les Eastman and George Bone tied for third with net 73. Harold Fryholfson and Newcombe tied for the low with net 74.

The event attracted 54, and was followed by a dinner in the clubhouse. Herbert Ancomb, M.P.P., acted as toastmaster.

#### Calgary Alderman Held By Police

CALGARY (CP)—Alderman Patrick Lenihan, elected in November, 1938, to the Calgary city council as a People's representative, was arrested yesterday by Royal Canadian Mounted Police for the second time since the war began.

Alderman Lenihan faces a charge under the Defence of Canada Regulations. He was taken into custody at his home and today was held without bail.

Lenihan was acquitted on a Defence of Canada Regulations charge in the Alberta Supreme Court last December.

Because the earth wobbles on its axis, the signs of the Zodiac no longer coincide with the 12 constellations for which they are named. Each sign has moved backward 30 degrees into the constellation west of it.

#### Clean Kidneys of Poisons and Stop Getting Up Nights

Healthy Kidneys Mean Happier, Longer Life

When you get for 40 cents a time-tested, efficient and harmless stimulant and diuretic that will purge your kidneys the waste matter, poisons and acid that are now doing you harm, why continue to break your restless sleep by getting up thru the night?

Other symptoms of weak kidneys and irritated bladder may be backache, puffiness, leg cramps, moist palms, burning or scanty passage.

### Saanich Council

#### Ex-Fire Chief Says He Was Persecuted

Fred Parkinson, who was recently discharged as chief of Saanich Fire Department, declared at last night's meeting of the municipal council that he had been a "victim of persecution," when he appeared to protest the "unjust treatment" given him.

"I am satisfied that I did a good job, and came here determined to fight this out," Mr. Parkinson said.

Reeve Arthur Lambrick said that the fire chief's discharge came as a result of lack of co-operation in the fire department.

"When 100 per cent of the men are against the head of a department, something is wrong and something has to be done to rectify it. We did not wish to hurt the chief. We wanted to keep him in work and offered to give him a job as a fireman or a position in the stores, both of which he refused," the reeve said.

Mr. Parkinson said that the trouble was due to the fact that the council had refused to back him up. "You allowed my men to fire me, because I was never backed up on my orders. I should have been upheld. There was a deliberate attempt to get me to fail, but I nevertheless worked hard to make it a success. I waged a one-man war—but lost," he said.

The ex-fire chief said his dismissal was very unfair, saying there had been no investigation into so-called friction in his department.

Mr. Parkinson charged councillor E. C. Warren, chairman of the water committee, as being to blame for the whole business. He said councillor Warren would come up to the fire hall time after time and have chats with the firemen, with the result they went to him with all their "petty grievances."

He said he refused to take the jobs offered him after dismissal because it would mean putting other men out of work. "I have nothing left now, but I am still young enough to start all over again."

Councillor Leslie Passmore told Mr. Parkinson that there was no definite thing wrong in the department that they could put their finger on, but that there was an undercurrent of dissension. "I know you tried your best—but the trouble is you were too eager to do a good job, yet not firm enough in that eagerness," the reeve and councillor J. R. Seoby were of the same opinion.

"If you don't back up your next chief, you will be faced with the same trouble," Mr. Parkinson told the meeting.

Five persons seeking the fire chief position did not qualify.

#### Suggest Suspension Of Public Projects

A resolution, which in a roundabout way indicated that the municipality of Saanich would not disapprove if the Dominion government discontinued construction of the seawall at Island View Beach for a time, was passed by the council at its meeting last night.

Reeve Arthur Lambrick was in favor of notifying Ottawa to suspend the building of the seawall until after the war as the government was now in need of all the money it could get to finance its war effort, but councillor Larry Hagan objected strongly to this proposal.

"Why pick on this one job?" Councillor Hagan demanded of the reeve. Other members supporting him in protesting the singling out of this project.

While the reeve said the wall was not a war emergency, councillor Hagan maintained it nevertheless was an emergency.

The council finally decided to send a resolution to their member at Ottawa saying that the council would not disapprove if all public works at this time were suspended for the duration of the war, thus leaving it to the discretion of the government as to whether the continuation of the local project was important at this time or not.

About \$30,000 worth of work had been done on the seawall to date. Total appropriation for it was \$14,000.

The seawall is being constructed to stop the sea from engulfing land back of the beach.

#### Figuring an I. Q.

A person's intelligence quotient (I. Q.) is figured by multiplying the mental age by 100 and dividing by the actual age. Thus, a normal person had an I. Q. of 100. Below 80 is considered sub-normal, and a person of 'gifted' mentality is denoted by a rating of more than 120.

#### Origin of "Pin Money"

When pins were invented in the 14th century, they were so expensive that it was customary to give a person a sum of money to be used as "pin money"; hence the term.

### Refugee Children Find Help

Child refugees from sections of France which have been blasted by German aerial bombings and artillery are shown at a French welfare centre as they tried on new wearing apparel supplied them by sympathetic attendants.

### TEACHERS TO BUY \$2,100 AMBULANCE

The sum of \$397.50 was received, an additional \$602.50 was pledged by members and further contributions will be sought by a committee of the Greater Victoria Teachers' Association, following a resolution passed at the annual meeting of the organization held in Spencer's private lounge on Monday evening, to purchase a \$2,100 ambulance for the Red Cross Society.

The sum of \$1,000 was collected from the 75 members in cheques and cash in an effort to raise the money as quickly as possible.

Miss Jessie Gordon, Miss Blanche Alward and Arthur Voege were appointed to a committee, who will receive donations from the teachers, and will also canvass all teachers in Greater Victoria. Miss Gordon, who proposed the ambulance donation at the meeting, will act as chairman of the committee.

The teachers at the meeting felt that the citizens of Victoria should do more than buy war savings certificates, and that donations without any expectation of financial remuneration should be made.

### Saanich Ratepayers Fight School Move

Delegations of ratepayers from Royal Oak and Prospect Lake appeared before Saanich Council last night to lodge a protest over the action of the school board to close down Prospect Lake and Royal Oak schools at the conclusion of the present term.

It is the plan of the school board to transport the children going to these two schools to other Saanich schools in buses.

The delegations urged the council to intercede and prevent this move. They urged early action by the council on the matter, as it was their wish, if the school board's plan went through, to fight it in the courts before the courts' summer recess.

Reeve Lambrick said that it would not be advisable for the council to get involved in school board affairs, as it seemed that there was going to be serious trouble on the question.

Actually, it was pointed out, the council had no jurisdiction over school board matters, but it was decided if the school board wished the co-operation of the council it would be readily given.

The ratepayers' delegation was composed of H. G. Robinson, Mrs. W. Laidlaw, Miss E. Phillips and V. E. L. Goddard.

### ISLAND HOME FOR REFUGEES

At a meeting of the British Imperial Comrades' Association last night it was decided to secure permission to institute a fund for refugee children of the Allied nations.

It was proposed to raise the money from the various branches throughout Canada where the association has large memberships and also to appeal to British ex-servicemen and sympathizers in the United States. It was suggested that the project be established on Vancouver Island and modeled along the lines of Fairbridge Schools and be a permanent institution after the war.

Speakers pointed out that the method of billeting children was not entirely satisfactory as it will be a burden on householders and in some cases with the best supervision will not be satisfactory so far as the children are concerned.

Representatives of Protestant, Catholic and Jewish denominations will be added to the committee.

Plans for the opening of the new club rooms now being prepared were made.

Comrade B. C. Seed occupied the chair.

The normal snuff-taker consumes one ounce a week in England.

### Abyssinians Fight Italians

## South African Planes Bombing Ethiopia

PRETORIA, South Africa (CP)—The first South African war communiqué said today:

"South African air force heavy bombers yesterday attacked military objectives in Abyssinia (Ethiopia)."

"Extensive damage to buildings, personnel, roads and equipment was done."

"One heavy bomb scored a direct hit on an open shed packed with military transport vehicles. The attack was made from a height of approximately 800 feet."

"Although heavy machine gun fire was encountered, all our aircraft returned safely."

Abyssinia, or Ethiopia, is the African kingdom which Italy took from Haile Selassie in 1935-36.

Planes belonging to the Union of South Africa have been operating from bases in Kenya Colony on the East African coast, which had 300 miles of frontier with Italian Somaliland and 350 miles of frontier with Ethiopia.

From bases inside Kenya, planes would have 400 miles to fly to reach Addis Ababa, capital of Ethiopia and 650 air miles to cross completely over Ethiopia to Italian-held Eritrea.

A communiqué issued last night at Nairobi, Kenya, reported South African bombers striking at Italian Moyale on the border between Kenya and Ethiopia and other military objectives in that area.

Kenya Colony is about 1,500 miles north of the nearest Union of South Africa territory.

### ETHIOPIANS BATTLE

LONDON (CP)—The Daily Herald declared today that 200,000 Ethiopian troops, wearing the uniform of former Emperor Haile Selassie, are battling the Italians in Ethiopia.

The paper, which did not give the source of its information, said the Negus, now in England, "is prepared to return and lead his troops against the Italians" with British help.

"In the northwest provinces of Gojjam and Harar, four garrison towns are surrounded by Ethiopians, and the Italians dare not venture out," the Herald said.

"The Ethiopians are equipped with rifles and machine guns."

"Under Abebe Arragel, former police commissioner of Addis Ababa, now commander-in-chief in the south, a constant war is being waged."

### REVOLT GROWS

NEW YORK (AP)—A British Broadcasting Corporation report heard by the Columbia Broadcasting System here said reports had been received in London of a revolt in Italian-occupied Ethiopia and "the raising of the imperial Abyssinian standard by an Abyssinian."

"Abyssinian tribesmen were getting ready to take their revenge," the broadcast said.

### STUDENTS' COUNCIL HAS FINE YEAR

Ray Whitehouse, retiring president of the Victoria High School Students' Council, presided at the annual meeting of the school's governing body yesterday.

On the whole this year's council experienced one of the most successful years in the history of the school. Recommendations for next year's council were received and it was decided to have an inter-house committee to aid in the promotion of better and more organized sports and inter-house activities.

It was recommended that this year's balance of approximately \$200 be divided between the Red Cross and War Savings Certificates and that a balance of \$25 be kept on hand for next year's council.

Reports of the active committees were very satisfactory and Mr. Whitehouse and Robert Heywood, staff advisor and sponsor, complimented all on their excellent work. The finance report was given by Jim Kearney; social report by Nancy Asselstine, in the absence of Don Scotts, chairman of the committee; publicity committee by Joan Sampson, chairman and on the school annual, the Camosun, by

### FOR ACHING TIRED FEET

Don't be a martyr to tired, aching feet! Soothe them with Zam-Buk's penetrating herbal oils. Every night bathe your feet in hot water. Dry carefully. Then gently massage Zam-Buk into ankles, insteps, soles and between the toes. You will be amazed how quickly you get relief. Don't suffer foot-torture another day.

Get Zam-Buk from your druggist at once and enjoy perfect foot comfort.
